

I found the booklet, *The Homeowner's Guide to Environmental Hazards and Earthquake Safety(with gas shut-off valve update)* which includes the *Federal Lead booklet and Toxic Mold Update*:

- Helpful
- Too detailed
- Not detailed enough
- Clearly written
- Confusing
- The booklet helped me to locate earthquake weaknesses in my home.
- I have strengthened my home to resist earthquakes.
- I plan to fix my home's earthquake weaknesses.
- The booklet helped me find out that my home did not have any earthquake weaknesses.

The year my home was built was _____.

AGENT VISUAL INSPECTION DISCLOSURE
(CALIFORNIA CIVIL CODE § 2079 ET SEQ.)
For use by an agent when a transfer disclosure statement is
required or when a seller is exempt from completing a TDS
(C.A.R. Form AVID, Revised 6/19)

This inspection disclosure concerns the residential property situated in the City of Bay Point, County of Contra Costa, State of California, described as 7 Bay Drive ("Property").

This Property is a duplex, triplex, or fourplex. This AVID form is for unit # . Additional AVID forms required for other units.

Inspection Performed By (Real Estate Broker Firm Name) Realty ONE Group Future

California law requires, with limited exceptions, that a real estate broker or salesperson (collectively, "Agent") conduct a reasonably competent and diligent visual inspection of reasonably and normally accessible areas of certain properties offered for sale and then disclose to the prospective purchaser material facts affecting the value or desirability of that property that the inspection reveals.

California law does not require the Agent to inspect the following:

- Areas that are not reasonably and normally accessible
• Areas off site of the property
• Public records or permits
• Common areas of planned developments, condominiums, stock cooperatives and the like.

Agent Inspection Limitations: Because the Agent's duty is limited to conducting a reasonably competent and diligent visual inspection of reasonably and normally accessible areas of only the Property being offered for sale, there are several things that the Agent will not do.

Roof and Attic: Agent will not climb onto a roof or into an attic.

Interior: Agent will not move or look under or behind furniture, pictures, wall hangings or floor coverings. Agent will not look up chimneys or into cabinets, or open locked doors.

Exterior: Agent will not inspect beneath a house or other structure on the Property, climb up or down a hillside, move or look behind plants, bushes, shrubbery and other vegetation or fences, walls or other barriers.

Appliances and Systems: Agent will not operate appliances or systems (such as, but not limited to, electrical, plumbing, pool or spa, heating, cooling, septic, sprinkler, communication, entertainment, well or water) to determine their functionality.

Size of Property or Improvements: Agent will not measure square footage of lot or improvements, or identify or locate boundary lines, easements or encroachments.

Environmental Hazards: Agent will not determine if the Property has mold, asbestos, lead or lead-based paint, radon, formaldehyde or any other hazardous substance or analyze soil or geologic condition.

Off-Property Conditions: By statute, Agent is not obligated to pull permits or inspect public records. Agent will not guarantee views or zoning, identify proposed construction or development or changes or proximity to transportation, schools, or law enforcement.

Analysis of Agent Disclosures: For any items disclosed as a result of Agent's visual inspection, or by others, Agent will not provide an analysis of or determine the cause or source of the disclosed matter, nor determine the cost of any possible repair.

What this means to you: An Agent's inspection is not intended to take the place of any other type of inspection, nor is it a substitute for a full and complete disclosure by a seller. Regardless of what the Agent's inspection reveals, or what disclosures are made by sellers, California Law specifies that a buyer has a duty to exercise reasonable care to protect himself or herself. This duty encompasses facts which are known to or within the diligent attention and observation of the buyer. Therefore, in order to determine for themselves whether or not the Property meets their needs and intended uses, as well as the cost to remedy any disclosed or discovered defect, BUYER SHOULD: (1) REVIEW ANY DISCLOSURES OBTAINED FROM SELLER; (2) OBTAIN ADVICE ABOUT, AND INSPECTIONS OF, THE PROPERTY FROM OTHER APPROPRIATE PROFESSIONALS; AND (3) REVIEW ANY FINDINGS OF THOSE PROFESSIONALS WITH THE PERSONS WHO PREPARED THEM. IF BUYER FAILS TO DO SO, BUYER IS ACTING AGAINST THE ADVICE OF BROKER.

INTRODUCTION

This Advisory provides general information about selling and buying real property in Contra Costa County and is effective as of December of 2019. It is not intended to be a comprehensive guide to buying real estate nor is it designed to alarm Buyers and Sellers. Although this Advisory does not limit any legal duty of real estate brokers, it does point out some limitations on real estate brokers' duties. This Advisory is designed to be used in conjunction with the California Association of REALTORS® Statewide Buyer Seller Advisory to explain that when transferring something as important and valuable as real estate, Buyers and Sellers have a legal responsibility to protect themselves by taking the actions recommended in this Advisory. Buyers should not just rely on real estate brokers or Sellers as sources for all information. When Buyers have questions, doubts or concerns, they should conduct their own Investigation with their own chosen professionals. For more

information about Contra Costa County, go online at: <http://www.co.contra-costa.ca.us/>. The information in this Advisory may change over time, including, but not limited to, website references, and/or new issues may develop due to actions taken at the federal, state, county, city and/or private, local level. Some of the issues that are covered in this Advisory are point of sale or retrofit requirements that may also get triggered by remodeling efforts or efficiency requirements. Sellers and Buyers should investigate the applicability of these requirements to the past, present and future use, sale, purchase, ownership and/or development of the Property

- Sellers must disclose anything that is known to the Sellers that materially affects the value or desirability of the Property. Sellers who need help in completing their disclosure obligations should consult with their own qualified, California real estate attorney; Brokers cannot determine the legal sufficiency of any disclosure.
- Sellers should conduct a diligent search of their documents to determine if they have any reports, disclosures, repair estimates and invoices (of any age) or other information which relate to the Property or the issues in this Advisory and provide a copy of that material to Buyers preferably with the Sellers' disclosure documents regardless of which disclosure forms are used.
- Sellers and Buyers should read this Advisory in conjunction with a careful review of all disclosures required by Sellers and by the real estate Brokers involved in the transaction including, without limitation, the Real Estate Transfer Disclosure Statement and the Supplemental Property Questionnaire, if provided by Seller.
- Buyers are responsible for conducting their own investigations into the issues discussed in this Advisory as well as those issues that are not referenced in this Advisory to the extent that those additional issues may affect the Buyers' determination of the use, value, desirability or development of the Property. That investigation should take place prior to the Buyer's removal or waiver of any inspection/investigation contingency. Buyers are urged to:
 - Carefully read the information contained in any advisories, pamphlets, disclosures, inspections, and/or reports that Buyers receive from any source.
 - Conduct additional/further investigations and inspections regarding any issues that concern Buyers which are raised in the documents received by Buyers from any source.
 - Thoroughly and thoughtfully inspect and evaluate the Property and, in so doing, meet Buyers' obligation to protect themselves, including those facts which are known to or within the diligent attention and observation of the Buyers. Viewing videos, virtual tours and other on-line sources is not a good substitute for visiting the actual Property in person and observing the location of the Property.
- Buyers need to inquire into other or additional matters (beyond those contained in this Advisory) to the extent that those additional issues affect the Buyers' determination of the use, value, desirability or development of the Property.
- Buyers must bear in mind that a Property may suffer defects and deficiencies which neither Sellers nor Brokers are aware. Buyers should also recognize that not all issues can be objectively determined and some issues can have varying impacts on different people since some people may be more sensitive than others.
- Buyers are urged to engage licensed professionals to evaluate all aspects of the Property and to consult all appropriate governmental agencies. Buyers' right to conduct certain types of investigations may be limited by the Purchase Contract or other factors such as Homeowners' Association requirements.
- Any representations about the issues in this Advisory made by third parties have not been verified by Brokers and need to be independently confirmed by Buyers.
- **Although licensed to list, sell and lease real estate, Brokers may not have expertise on the issues in this Advisory.**

This Advisory is not meant to be a complete source of information on all matters which can become issues in real property purchase and sale contracts. Given Buyers' legal duty to exercise reasonable care to protect themselves regarding facts that are known to them or within their diligent attention or observation, Buyers are urged to investigate, without limitation, the items listed in this Advisory as well as the condition of the foundation, roof, plumbing, heating air conditioning, electrical, mechanical, energy efficiency, security, appliances/personal property, pool/spa, and all other aspects of the property prior to removing any contingencies, if any.

A. MARKET CONDITIONS ADVISORY

Real estate markets are cyclical. It is impossible to predict what market conditions will be at any given time. The ultimate decision of how much to offer on any property rests with Buyers. Buyers need to decide what they are willing to pay in light of market conditions and their own financial resources. Buyers must also decide what type of offer to make in recognition of existing market conditions. Purchase price is not a simple calculation based upon square footage but an agreement as to what Buyers will pay and what Sellers will accept.

Real estate brokers traditionally recommend that Buyers protect themselves by conditioning their purchase on an inspection of the Property so that the Buyers can be assured that the Property meets their needs. In some markets, many Buyers are choosing to forego that sage advice so that their offer is more attractive to Sellers. If, after making an offer without a property condition contingency, Buyers become aware of an aspect of the condition of the Property that affects its value or desirability, Buyers may still be required to proceed to purchase the Property or possibly pay damages to the Seller, which may be the deposit in escrow. If this is a condition that must subsequently be repaired, Buyers may have no legal recourse against any of the parties in the transaction after escrow closes, including the Seller, the brokers or the inspectors, and then the Buyers may have to pay to correct those problems.

Waiving the right to have a contingency regarding the property condition does not necessarily waive the Buyers' right to access the Property, even if the Property is being sold "AS IS". Regardless of whether there is an inspection/investigation contingency, Broker recommends that prospective Buyers have the Property thoroughly inspected by their own experts prior to the close of escrow.

The lender's approval of financing includes the lender's determination that (1) Buyers are creditworthy and can afford to make the mortgage payments and (2) that the Property appraises for at least the principal amount of the loan. Even if Buyers have obtained a pre-qualification or pre-approval letter from a lender, the lender may not ultimately approve the loan if the lender's appraiser determines that the Property's fair market value is less than the amount of the purchase price or if the Buyers' financial/employment situation has changed. If there is no financing contingency and the Property does not "appraise", Buyers may not be able to afford to make up the difference between the loan amount applied for and the loan amount actually offered by the lender. Under those circumstances, Buyers may not be able to perform on Buyers' contractual obligations. This could then result in the Buyers paying damages to the Seller. **It is a serious risk for Buyers to eliminate from the purchase contract their right to have a financing and/or appraisal contingency if they intend to secure a loan.**

B. GENERAL PROPERTY ADVISORIES

- 1. EXISTING HOUSING STOCK:** Many properties have been built under different building codes and may not accommodate current or future personal property items such as electric cars. Regardless of its age, Buyers should have the Property inspected by a competent property inspector and obtain additional inspections recommended in any inspection report, or as may be necessary for Buyers to determine the actual condition of the Property. The Property's components, appliances, fixtures, systems and materials may have varying degrees of remaining useful life and may be subject to failure without notice. In addition, not all components, improvements or fixtures of the Property may comply with current code, zoning, health and safety, setback requirements, religious or cultural preferences. Some homes contain appliances, products or manufactured materials, such as Chinese dry wall, which may be defective, create problems with the use or value of other aspects of the home and/or may be subject to manufacturer or governmental recall and/or a class action lawsuit. All homes include many components which require ongoing maintenance. Deferred maintenance will decrease the life span and/or functionality of many of these components. Buyers should seek reliable advice from appropriate professionals and to plan/budget for maintenance and future repairs.
- 2. FLOORS AND WALLS:** The personal property of the Seller may make a visual inspection of floors and walls difficult. The existence of certain types of floor coverings, such as carpeting and rugs, as well as certain types of wall coverings, such as wallpaper and paneling, and furniture prevent inspectors and brokers from inspecting the condition of the floors and walls beneath those materials. When exposed, these areas may have a different pattern of wear or shade of color. If Buyers wish to determine the condition of the floors and walls beneath such coverings, Buyers will need to secure the written authorization of the Seller to conduct investigations with appropriate professionals since removal of floor coverings may be required.

- 3. TEMPERED GLASS:** Many homes contain glass that IS NOT tempered in locations where tempered glass IS required by building regulations. Buyers are advised to have a contractor's inspection to identify the presence of any glass that is not properly tempered before removing any inspection/investigation contingency. Buyers should consider replacing any non-tempered glass with tempered glass to reduce the risk of injury.
- 4. FIREPLACES; WOOD-BURNING APPLIANCES:** Residential wood burning is the leading source of wintertime air pollution in the Bay Area and studies have confirmed there are significant health impacts from exposure to fine particulate matter found in wood smoke. The Bay Area Air Quality Management District ("BAAQMD") established the Wood Smoke Rule, Regulation 6, Rule 3 to reduce wintertime smoke pollution and protect public health. The Wood Smoke Rule requires anyone selling, renting or leasing a property in the Bay Area to disclose the potential health impacts from air pollution caused from burning wood. Fine particulate matter, also known as PM_{2.5}, can travel deep into the respiratory system, bypass the lungs and enter the blood stream. Exposure may cause short-term and long-term health effects, including eye, nose and throat irritation, reduced lung function, asthma, chronic bronchitis, cancer and premature deaths. Exposure to fine particulates can worsen existing respiratory conditions. High PM_{2.5} levels are associated with increased respiratory and cardiovascular hospital admissions, emergency department visits, and even deaths. Children, the elderly and those with pre-existing respiratory or heart conditions are most at risk from negative health effects of PM_{2.5} exposure. Buyers should consult with a licensed professional to inspect, properly maintain, and operate a wood burning stove or fireplace insert according to manufacturer's specifications to help reduce wood smoke pollution. The Air District encourages the use of cleaner and more efficient, non-wood burning heating options such as gas-fueled or electric fireplace inserts to help reduce emissions and exposure to fine particulates.

When the BAAQMD issues a Winter Spare the Air Alert during the winter season from November 1st through the end of February, it is illegal to burn wood, manufactured fire logs, pellets or any solid fuels in fireplaces, wood stoves or outdoor fire pits. To check when the air quality is unhealthy and when a Winter Spare the Air Alert is issued, call 1-877-4NO-BURN or visit www.baaqmd.gov or www.sparetheair.org. The information in Paragraph 4 was provided by BAAQMD. Brokers have not verified and will not verify any of the information provided by BAAQMD.

- 5. SQUARE FOOTAGE AND LOT SIZE:** Different sources of size information often provide different square footage or lot size numbers for a property. Public records may be, and often are, inaccurate and there are frequently discrepancies in the advertised sizes. Buyers are advised that square footage and/or lot size numbers, which may be obtained from various sources such as public records, MLS and others that are provided to Buyers are not, and will not be, verified by Sellers or the real estate agents. Buyers should obtain a specific disclosure regarding any known size discrepancies from Sellers and/or the real estate Brokers. **If the square footage or lot size of the property is an important consideration in Buyers' decision to purchase the Property and/or how much Buyers are willing to pay for the Property, then Buyers must independently conduct Buyers' own investigation through appropriate professionals and rely solely on that data.**
- 6. FENCE MAINTENANCE:** If the Property has a fence that is located on the boundary line, Civil Code Section 841 provides that the adjoining private landowners have an equal obligation to maintain the fence. However, fences are often not located on the boundary line and when that is true, who is responsible for maintaining the fence is a legal determination. Thus, questions regarding who is responsible for repairing or maintaining a fence should be reviewed with a qualified California real estate attorney. Brokers are not qualified to make that determination.
- 7. TREES AND VEGETATION: Protected Trees.** Most cities have an ordinance that requires property owners to obtain a permit prior to removing *Protected Trees* from their property. *Protected Trees* are defined within the code of each city. Removing or damaging any *Protected Tree* without the proper permit constitutes an infraction. In addition to the cost of the infraction, violators may be liable for damages. A City may place a lien on the Property if imposed fees are not paid on a timely basis. That lien may subsequently be added to the county property tax bill.

Hazardous Trees: Some cities define hazardous tree conditions within their Municipal Building Codes and address ways of mitigating those conditions on both private and public property. There are often stringent time frames for responding to hazardous tree claims. If hazardous tree claims are not resolved privately, a

claimant may, as a last resort, pursue the claim through the court system.

View Ordinances: Some cities have view ordinances that restrict the height of trees so that trees do not unreasonably obstruct the view that existed at the time of purchase of the property. Certain trees that are part of the natural habitat can be exempt from this law. Often a view property will have recently trimmed trees and shrubs revealing the view. Buyers should take note that maintaining that view could entail not only trimming foliage on their own property, but also enlisting the cooperation of their neighbor to keep their foliage trimmed, usually at the Buyers' expense. Cities do not take an active role in these issues; rather they encourage the private resolution of such disputes. Each city has a slightly different mechanism for handling these situations, and Buyer is encouraged to review the Municipal Code during their inspection period.

Buyers are encouraged to seek the advice of a licensed arborist for any questions regarding trees that are on the Property or on a neighbor's property.

- 8. RIVER, CREEK AND LEVEE PROTECTION:** Many properties are impacted by creeks (a narrow channel or small stream) and/or culverts (a man-made structure used to enclose a flowing body of water which is usually designed to allow water to pass underneath a road or other structures). If the Property includes, abuts or is located near a creek or culvert, Buyers should investigate the possibility of flooding and/or water intrusion or other nuisances that may result from proximity to those water sources by contacting appropriate experts. Brokers cannot determine these issues. In addition, some cities have enacted regulations regarding creeks and culverts making maintenance of these creeks and culverts the responsibility of adjacent property owners which can involve considerable expense.

For example, the City of Orinda has enacted ordinances (a) making creek maintenance the responsibility of the owner on commencing any work in, over or near a river, levee, creek or culvert whose property the creek or watercourse is located; and (b) providing for storm water pollution prevention measures. Buyers need to review local ordinances and maps with their own experts regarding these issues and before commencing any work in, over or near a creek or culvert.

- 9. FLOOD MAPPING:** Flood maps and flood designations for all properties may change over time which could impact the future use, value, desirability or development of the Property as well as its insurability. Rising sea levels may also have an impact on future flooding. Under the "Homeowner Flood Insurance Affordability Act of 2014," properties in flood zones, designated in an NHD report, will experience annual premium increases which could be as much as 18% to 25% per year. For further details regarding any specific Property, go to: <https://www.floodsmart.gov/floodsmart/> or <http://www.realtor.org/articles/senate-passes-flood-insurance-with-house-amendments>
- 10. ENVIRONMENTAL MAPPING:** Some of the third-party Natural Hazards Disclosure ("NHD") companies may provide information regarding environmental hazards that are mapped by the federal government, state or local entities such as Super Fund Clean-Up sites. Buyers should consider discussing with the NHDS provider what environmental disclosures and maps may be available.
- 11. WILDFIRE HAZARDS:** Wildfire disasters can create health and safety concerns in the aftermath of clean-up efforts, as well as unknown and possible future concerns related to the rebuilding of infrastructure in the impacted areas. Some of the concerns and issues of wildfires include, but are not limited to: lot clearing costs; environmental clean-up concerns; local, state and/or federal regulations for issuing permits and/or for authorizing rebuilding efforts; availability of insurance and/or utilities; construction-related inconvenience and delay; and the impact that federal, state or local disaster declarations may have on materials, prices, costs and rent. Buyers should investigate all wildfire related issues to determine what impact, if any those issues may have on Buyer's current and future use or development of the Property during any investigation contingency.
- 12. UNDERGROUND STORAGE TANKS (UST):** Many of the larger, older homes in this area built before 1935 may have or have had an Underground Storage Tank for the fuel oil that fired the Property's furnace. Virtually all of the old furnaces have been replaced; however, many of the fuel oil tanks remain buried on the property. In residential applications, the California State Water Resources Control Board regulates all UST's in this state. The licensing, inspection and regulation of UST's in residential application are currently exempt as long as the tank is less than 750 gallons and was used for fuel oil only. There is no guarantee that the Property would be exempt from abatement if a UST is discovered. Each municipality has different regulations

concerning UST's that may include removal and soil clean-up of any toxic material that may have leaked from the tank. Buyers and Sellers are advised to speak directly to the Public Works Department, Building Department and/or Fire Department in the pertinent city concerning specific regulations affecting UST's.

13. CONDOMINIUMS, COMMON INTEREST DEVELOPMENTS & HOMEOWNERS' ASSOCIATIONS: If the

Property is in a Common Interest Development ("CID"), the Seller should request that the Homeowners' Association (HOA) provide all required documents regarding the HOA operation and expenses to meet the Seller's disclosure obligations under Civil Code Section 4525. It is strongly recommended that Buyers receive the current HOA documents directly from the HOA rather than from any online service or from an earlier transaction. Although Sellers can legally provide their own copies of the required documents, the best practice is to have the HOA provide the documents so that Buyers receive the most current information.

Buyers need to carefully examine all of the documents that are provided regarding the HOA and compare the documents with the list of required disclosures specified in the HOA form from the California Association of REALTORS®. If any document(s) are missing, Buyers should send a written request to the Seller that the Seller provide the missing documents and/or provide a written explanation for why the document(s) were not included with the other HOA documents.

Some HOAs do not prepare or keep all documents required by the law, such as reserve studies, minutes of all meetings and/or financials and may not be operating in compliance with the law. As a result, Buyers may only receive a portion of the state required documents; in which case Buyers must be aware that they are buying into an HOA without the benefit of the information those documents would provide. Buyers should retain the services of experts, such as attorneys, accountants or others who specialize in reviewing HOA documents to determine the adequacy of the reserves and whether or not the Property is suitable for Buyers' intended uses.

Any changes or improvements to a unit generally require some form of review and approval by the HOA. The HOA may impose significant restrictions on any changes, especially those which impact the common area(s). Those restrictions may include imposing maintenance obligations and/or indemnification requirements in case of damage during installation. Buyers should carefully review all HOA documents and determine the impact of those restrictions, during the contingency period, if they intend to make changes including but not limited to those which involve adding solar energy systems onto common area roofs or adding special equipment for televisions and other electronic equipment. Another example is that HOA often restrict the type of floor and/or wall material that can be used in certain units and/or the number of pets due to noise and other factors. Buyers should directly contact the HOA Board to determine whether or not the Property can be used for Buyers' intended purposes. Buyers should also determine whether or not the Property meets Buyers' subjective personal preferences. Buyers should keep in mind that HOA governing documents can change over time (by board action, the member approval process and/or court action) thus there is no guarantee that the Buyers' future intended uses will be allowed. See also **Paragraphs 36 & 37** regarding long-term and short-term rental issues.

Many CIDs have been involved in or are presently involved in litigation regarding the design, construction, maintenance and/or condition of all or a part of the Development. Whether or not these lawsuits are successful, litigation is expensive and the cost of such legal actions may impact not only the adequacy of the HOA reserves but also the amount of current or future assessments. The existence of HOA insurance does not necessarily mean that there is insurance coverage for any given single interest or unit in the Development, an owner's remodeling or upgrade efforts, and/or the owner's contents.

Occasionally issues arise in the purchase of Property in a CID regarding parking and/or storage spaces associated with a single interest or unit in the Development. Buyers should determine for themselves whether or not the allotted parking space(s) are adequate to park the Buyers' vehicle(s) in the assigned spaces by actually parking in those spaces. Parking space(s) and storage space(s), if any, may be described in a Condominium Map or in the Preliminary Report issued by a Title Company. The actual markings, striping and numbering of these space(s) may not accurately reflect the actual spaces and may be in conflict with the space(s) designated in the recorded documents. It is therefore crucial that Buyers personally determine that the parking and storage space(s) that are designated in the recorded documents are actually being transferred to Buyers and that those space(s) are acceptable for the Buyers' intended needs and uses of the Property.

Sellers who have ever served on the HOA Board, may have access to information and documentation that is not provided by the HOA and/or which is deemed "confidential" or protected by an "attorney client privilege". Sellers should consult with their own qualified California real estate attorneys to determine how they will need to disclose that additional information; Brokers are not qualified to evaluate or investigate those legal issues.

Effective January 1, 2017, owners of a single interest in a common interest development will be required to provide annual notification to the HOA of their contact information.

14. PLASTIC PIPE: Builders in the Contra Costa County area may have used PEX water pipes in constructing homes. This type of pipe, manufactured under the name of KITEC®, has been alleged in a class action lawsuit to be faulty and a settlement of that suit has been reached. Buyers should investigate the presence of such pipes prior to removing their inspection/investigation contingency. For additional information about this product and any litigation, go to: <http://www.kitecsettlement.com/faq.cfm>

15. INSURANCE & C.L.U.E. REPORTS OF INSURANCE CLAIMS: Buyers should investigate the availability and cost of insurance coverage for the Property they are buying. As part of that investigation, Buyers should ascertain if their chosen insurance company will require certain retrofit repairs, such as installation of safety glass and/or fireplace spark arresters and a gas shut-off valve. The fact that an insurance company may require these repairs does not necessarily mean that the Seller is obligated to pay for and/or make the repairs requested by the insurer. In addition, prior claims submitted by Buyers on other properties may affect the final cost of the homeowners' insurance on the property being purchased by Buyers. Buyers should investigate these matters thoroughly prior to removing their inspection/investigation contingency.

Standard real estate purchase agreement forms require Sellers to provide Buyers with insurance claims history for the property for a period of five years preceding the sale. Sellers do not always know (or remember) the insurance claims history. Natural Hazards Disclosure Statement ("NHDS") Reports had included a report used by insurance companies called C.L.U.E., but NHDS Reports no longer include those reports. Because a C.L.U.E. report itself is not required, Sellers may disclose the insurance information themselves as part of the disclosure process. For the most accurate information regarding past insurance claims, Sellers may be able to either: (a) go online to: https://personalreports.lexisnexis.com/homesellers_disclosure_report/agent.jsp and create an account that will enable the Sellers to order a C.L.U.E. report; or (b) contact their homeowner insurance policy broker who may be able to provide a copy. Buyers can also include in their purchase contract an obligation for Sellers to provide them with a C.L.U.E. report.

16. ONLINE PHOTOS, INFORMATION & CONSUMER PRIVACY: Effective January 1, 2020, the California Consumer Privacy Act of 2018 ("CCPA") imposes new privacy obligations on certain types of businesses that collect "personal information" about California consumers. Not all individuals and/or entities with whom you interact during a real estate transaction are required to comply with the CCPA. For additional information, review the **California Consumer Privacy Act Advisory** created by the California Association of REALTORS®. Whether or not CCPA applies, photographs of the Property provided to the MLS and Brokers' websites may appear on other Brokers' sites as well as national data aggregation sites, including, but not limited to, Realtor.com, Zillow and Trulia. It is not possible for Brokers to remove photos from websites over which they have no control.

Information regarding the Property and the neighborhood may exist online in various blogs, discussion boards, Nextdoor, Facebook pages, official neighborhood association and HOA sites. However, other unofficial sites written by third parties may also exist with postings about the community, people and properties. Some online sites offer viewers the opportunity to express opinions and air complaints. The information available on official and unofficial sites may consist of opinion, speculation, unfounded assertions and rumors, making it difficult to determine what is and what is not true. Neither Seller nor any of the real estate licensees may be aware of, nor will they conduct a search of, any online information, even if they are using or have used those platforms to advertise goods or services. Sellers and real estate licensees are not obligated to verify, investigate, explain or remove commentary of third parties.

17. PROBATE SALES AND COURT CONFIRMATION: An executor or administrator (the "Representative") of a probate estate may sell estate property if it is in the best interests of the estate to do so. The sale of estate real property is typically subject to Probate Court Confirmation. The Independent Administration of Estates Act ("IAEA") provides a simplified method of probating estates with limited court supervision. Under the IAEA,

the Representative may list real property with a broker for a period not to exceed 90 days without prior court approval and to sell the Property without court confirmation, unless a person named in the will or other person who is entitled to receive a Notice of Proposed Action objects; in which case court confirmation will be required. The Representative's ability to sell without court supervision or approval under IAEA is not absolute and is conditioned upon there being no objections by interested persons (generally, the heirs). If there is any objection, Court Confirmation may be necessary.

Probate property is always sold "As-Is" and certain standard disclosure forms, such as the Real Estate Transfer Disclosure Statement, are not required. However, the Representative must nonetheless disclose all actual knowledge of material facts affecting the value or desirability of the Property.

If Court Confirmation is required and is subject to open competitive bidding (which is true in probate, conservatorship, guardianship, receivership or bankruptcy sales), it is strongly recommended that Buyers personally appear in Court when their offer is scheduled for confirmation. Buyers should understand that in most sales requiring Court Confirmation, the Property may continue to be marketed and that their broker and others may represent other competitive bidders prior to and at the Court Confirmation hearing. Different types of courts have their own rules for how to handle the possibility of over-bids, including whether initial deposits need to be in a certain amount or whether an over-bid needs to be a specific percentage above the original offer. Any questions regarding the specific rules for the Court where the confirmation hearing is to be held should be directed to the clerk of that Court. It is also strongly recommended that Buyers consult a real estate attorney who is knowledgeable about Court Confirmation sales since real estate brokers/agents are not qualified to provide legal advice.

- 18. SMOKE ALARMS AND CARBON MONOXIDE DETECTORS:** California Health and Safety Code §13113.8 requires installation of smoke alarms in residential property. If a TDS is required, the Sellers certify in the TDS that the Property has (or will have prior to Close of Escrow) operable smoke alarms which are approved and installed in compliance with the State Fire Marshal's regulations and applicable local standards, including installation of alarms with 10-year batteries in all bedrooms before finalizing any permitted contracting work costing \$1,000 or more. State law requires carbon monoxide detectors in living areas of residential properties that have fossil fuel burning appliances, even if those appliances are several floors below, for example, furnaces in the basement of a condominium building.
- 19. WATER HEATERS:** Under State law, all water heaters must be braced, anchored or strapped to resist falling or horizontal displacement due to earthquake motion and Sellers of Property must certify to Buyers that the bracing requirement has been satisfied. In addition, water heaters which are newly installed or moved must be raised so their ignition point is 18 inches off the ground. Many other plumbing code requirements may also apply, e.g. gas venting, pipe wrapping, temperature and pressure relief valves, drain valves, bollard protection in garages.
- 20. ANIMALS:** The past or present existence of animals anywhere on the property may be a red flag of damage or other problems. Animal urine and feces can damage floors, floor coverings, walls, baseboards, or other components. Additionally, animals can attract fleas, ticks and other pests that can remain on the Property after the animal has been removed. Complete elimination of odors and other problems created by animals may not be possible even by professional cleaning efforts or replacing carpets, pads and other affected components.

Property may be subject to local ordinances regulating the maintenance, breeding, number or type of animals permitted, or other requirements such as spaying or neutering. Buyers should investigate whether Homeowner and Common Interest Associations have imposed restrictions on animals. Neighbors may have animals that can cause problems including but not limited to noise or odors. Common pets such as dogs can bark, cats are not easily contained, and in some cases more unusual animals (e.g. poultry, exotic birds, and reptiles) may create issues that impact the value, use and enjoyment of the Property.

California is home to a wide variety of animals, birds, reptiles and insect life, including but not limited to ants, bedbugs, bats, rodents, snakes and larger wild animals such as mountain lions and deer, some or all of which may enter or inhabit the Property and may be difficult to eliminate or control. These creatures can damage landscaping, might be a hazard to people, pets or other animals and may cause issues that impact the Buyers' use and enjoyment of the Property. Proximity to rural or open space areas increases the

likelihood of this problem. Buyers should investigate these issues with licensed professionals, including local animal/pest control companies, and/or other qualified agencies or organizations during Buyers' inspection period.

- 21. ARCHITECTURAL & CONSTRUCTION PLANS:** Property owners often have architectural/ construction plans and renderings, whether or not those plans were ever approved or used for any purpose. These plans and drawings do not “run with the land” even if the plans were used to build existing structures and even if they are on file with the local planning department. In most situations, Sellers's contracts with the architect specify that the plans remain the possession of the architect; the Seller is granted a limited “non-exclusive license” to use that material. Thus, Sellers generally do not have the legal right to advertise, sell or give that documentation to Buyers without the express written authorization of the architect who in all likelihood has copyrighted the plans. Buyers who want to use the Sellers' plans and drawings for any purpose should contact the creator of the plans directly for authorization to use that material.

C. FEDERAL, STATE AND REGIONAL CONDITIONS ADVISORIES

- 22. UNSTABLE HILLSIDES:** Many hillside properties are active and potentially active landslide areas. Many of the geologic forces which have shaped California over the eons are still active today. The only way to determine the nature of the soil and bedrock under a structure, and how these forces may affect those structures, is with a geologic or geotechnical inspection and report.
- 23. EXPANSIVE SOILS:** Some parts of the Contra Costa area have expansive, or adobe, soil which will expand and contract with the wet and dry seasons. This expansion and contraction can cause movement or shifting of structures and their foundations.
- 24. HIGH WATER TABLES:** Some parts of Contra Costa County have high water tables that can intensify mold growth and compromise the stability of soil and/or foundation. In addition, high water tables may affect the use and enjoyment of the surrounding land, particularly during months of heavy rain. Buyers should consult the appropriate experts to help evaluate the effect of high-water tables on the subject property and, when necessary, consider drainage modifications to protect the structure and improve the use and enjoyment of the surrounding landscape.

Reports from Natural Hazard Disclosure (NHD) companies may not contain all information from all sources regarding the Property and surrounding conditions and cannot be relied on for all information regarding natural hazards which may affect the Property. Brokers recommend that Buyers have any Property they are purchasing inspected by a qualified geologist, geologic or geotechnical engineer, or other qualified professional.

- 25. WET WEATHER CONDITIONS:** At times, this area may have months with heavier than usual rainfall. During these times, hillside properties may be susceptible to earth movement and drainage problems. Properties on flatlands may be susceptible to flooding. Properties which may not have experienced water intrusion into or under the property in the past may experience these conditions as a result of weather-related phenomena. Sellers are obligated to disclose to Buyers those material defects or conditions known to them which affect the value or desirability of the property; however, not all Sellers may be aware of recent changes in the conditions of the property or its improvements caused by unusually wet weather. Because of these factors, it is recommended that, in addition to a home inspection, Buyers have such additional inspections by inspectors or engineers regarding these conditions as Buyers may desire.
- 26. CLIMATE CONDITIONS:** Contra Costa County has several micro climates. Buyers are advised that some of these areas are subject to frequent strong winds, wind-driven rain, fog and mist, and direct sunlight, any of which, alone or in combination, can impact the condition of the land as well as prematurely age the interior and exterior of structures. Erosion, warping and cracking of surfaces, failed seals on dual-paned windows, loss of siding or roof shingles, water intrusion, and other problems, are not uncommon and require regular maintenance. In particular, properties located near sources of water, such as the Bay, rivers and streams may require additional, more thorough maintenance. Buyers are advised to fully investigate these conditions and to determine for themselves the cost of any increased maintenance and repairs that may be needed for any Property located in these areas.

- 27. PERMIT ISSUES:** An improvement that is made without the required permit can, among other things, have a negative impact on value, require a retrofit, impact habitability, preclude insurance coverage and/or result in fees, penalties, government and/or civil enforcement actions. In some cities, there may be a lower standard applied in those circumstances where the property owner is obtaining the permits, as opposed to a contractor doing so. Obtaining and finalizing permits may trigger additional retrofit requirements that are not required as a condition of sale. Examples include but are not limited to water conserving plumbing fixtures and safety devices to prevent drowning of small children in pools and spas. See **Paragraphs 32 and 33.**
- 28. NONCONFORMING USES, ROOMS, ALTERATIONS OR ADDITIONS:** Any rooms, alterations or additions to the Property which were done without necessary permits or certificates of completion (“nonconforming improvements”) may be subject to fines, permit and construction costs, and other expenses to bring into conformity. Nonconforming improvements may be subject to removal by local building inspection and code enforcement agencies. Nonconforming rental units may be required to be vacated and possibly torn down. It may not be feasible to legalize nonconforming improvements because of zoning, permit and/or other legal or regulatory limitations. Some building inspection and code enforcement agencies may conduct random inspections of properties for permit, code and other violations while the Property is being marketed. Such nonconforming improvements may also be discovered when anyone applies for a permit to do work on the property either before or after escrow closes. Whenever nonconforming uses are discovered, the then-current owner could face expensive repairs, permit fees and other costs and/or even removal of the nonconforming improvement.
- While Sellers are obligated to disclose any known nonconforming improvements, Seller may not be aware of some or all illegal improvements or uses especially those that were made prior to Seller's ownership of the Property. Real estate brokers and agents are not required by law to inspect public records and cannot determine the legal status of improvements based solely on their required visual inspection of the property. Thus, Buyers are strongly urged to investigate possible nonconforming improvements by personally contacting the local building inspection and code enforcement agencies as well as obtaining the advice of contractors, architects, engineers or other professionals regarding the status and condition of the Property prior to removing inspection contingencies.
- 29. BALCONIES/DECKS INSPECTION & RETROFIT REQUIREMENTS:** Effective January 1, 2019, state law requires an owner of multi-family buildings with 3 or more dwelling units to conduct an inspection of and make any necessary repairs to exterior decks, balconies and other components that are elevated more than 6 feet above the ground. The inspection must be completed by January 1, 2025 and will require subsequent inspection by January 1st of every six years thereafter. The purpose of the inspection is to determine whether the decks, balconies, and exterior elevated elements and their associated water proofing elements are in a generally safe condition, adequate working order, and free from any hazardous condition caused by fungus, deterioration, decay or improper alteration. State law requires that the inspection be performed by certain qualified professionals. The law sets forth timelines for the completion of the report, delivery to the owner, and completion of any repairs or replacement. Fines, penalties and/or liens on the property can be imposed for non-compliance with this law. State law allows cities and counties to enact their own regulations which may be stricter than the state requirements, including but not limited to extending the inspection and repair requirements to other exterior components, such as landings, exit corridors, stairway systems and other elements to determine if these structures are in safe condition, in adequate working order and free from hazards, dry rot, fungus, deterioration, decay, improper construction or hazardous conditions. Buyers are strongly urged to investigate possible inspection and retrofit requirements by personally contacting the local building inspection and code enforcement agencies as well as additional licensed professionals regarding the status and condition of any building components at the Property prior to removing any inspection contingency.
- 30. UNDERGROUND UTILITIES:** Some towns and cities have begun the process of burying utility lines underground in order to remove the utility poles in the neighborhood. These projects can result in special tax assessments and set-up costs for the individual homeowners. It is recommended that Buyers investigate this issue with Pacific Gas and Electric Company (“PG&E”).
- 31. CRIME:** The existence of crime is a fact of urban and suburban life. Some areas experience more crime than others. Crime statistics for various areas and municipalities may rise and fall over time and the incidence of various types of criminal activity may also increase or decrease. At times, local law enforcement agencies may target designated areas for special but temporary enforcement measures. Individual criminal acts may occur in any neighborhood or may occur close to a property that is being sold while other criminal

acts may occur far away. Some crimes may be reported in the local news while others are ignored by the media. Because of the ever-changing nature of the statistics and information regarding crimes, neither Seller nor brokers will independently investigate crime or criminal activity in the area of any property being purchased by any means including, but not limited to, contacting the police or reviewing any internet data bases. If criminal activity is a factor in the decision to purchase a particular property, or in a particular neighborhood, Buyers are urged to check with the local law enforcement agencies and online information, prior to removing their inspection/investigation contingency.

- 32. WATER-CONSERVING PLUMBING FIXTURES:** Existing law calls for installation of water-conserving plumbing fixtures when the existing plumbing fixtures are “noncompliant” by certain dates, as discussed here. A **noncompliant plumbing fixture** means: (1) any toilet manufactured to use more than 1.6 gallons of water per flush; (2) any urinal manufactured to use more than one gallon of water per flush; (3) any showerhead manufactured to have a flow capacity of more than 2.5 gallons of water per minute; and (4) any interior faucet that emits more than 2.2 gallons of water per minute. There are various dates for compliance:
SINGLE-FAMILY RESIDENCES: Effective January 1, 2017, all single-family residences built prior to January 1, 1994 must comply with this law by replacing all noncompliant plumbing fixtures whether or not the property is being remodeled or sold.

Sellers need to disclose to Buyers, in either the Seller Property Questionnaire (SPQ) or the Exempt Seller Disclosure (ESD) form, if Sellers are aware of whether the Property has any noncompliant plumbing fixtures. If Sellers answer “No” to that question, Buyers should not assume that the Property is fully compliant since a “No” response may merely mean that Sellers are unaware or are uncertain as to whether any such fixtures are noncompliant. For this reason, as a part of their property inspection of Properties subject to this law, Buyers are urged to have all plumbing fixtures inspected by a qualified professional to determine whether all plumbing fixtures are actually compliant with this law. Sellers and Buyers are advised to determine, prior to contract acceptance, which Party will be responsible for the cost of the water-conserving plumbing fixtures retrofit.

MULTI-FAMILY AND COMMERCIAL PROPERTIES: Until December 31, 2018: As a condition of final permit approval, owners must replace all plumbing fixtures with water-conserving fixtures if (1) permits are obtained to increase the floor area by more than 10%; (2) building alterations or improvements exceed \$150,000 in costs; or (3) permits are obtained for a room with plumbing fixtures. **After January 1, 2019:** All multi-family and commercial properties must comply with this law by replacing all noncompliant plumbing fixtures. Also, starting on that date, Sellers will need to disclose to the prospective Buyer if Seller is aware whether the property has any noncompliant plumbing fixtures.

- 33. POOL AND SPA SAFETY:** All home inspection reports used in the sale of a single-family residence, must indicate whether or not a Property with a pool and/or spa has any of the 7 drowning prevention safety features described in Health & Safety Code Section 115925. No one can agree to waive this requirement if there is a home inspection report. Real estate professionals are not obligated to and are not qualified to determine if the Property meets current safety requirements.

Although it is important to have appropriate safety measures in place to prevent drowning of small children, this is not a retrofit requirement that must be completed as a condition of sale. However, when a single-family residence is altered or improved, the installation of 2 pool/spa safety features must be a condition of final permit approval. Sellers and Buyers are advised to determine, prior to contract acceptance, which Party will be responsible for the cost of adding any required pool/spa safety features.

- 34. GARAGE DOOR SAFETY REQUIREMENTS:** Effective July 1, 2019, in addition to existing safety standards regarding automatic reversing device standards, all new automatic garage doors openers sold or installed in California must have a batter-operated back-up system to function during electrical outages.

- 35. REAL PROPERTY TAXES, ASSESSMENT DISTRICTS AND VACANT LAND:** The Purchase Agreement addresses payment of real property taxes and assessments relating to the Property. As part of their negotiations for the Purchase Agreement, the parties may decide how to prorate such taxes and assessments; payments on bonds and assessments and their assumption by Buyers; and payment on Mello-Roos and other Special Assessment District bonds and assessments that are now a lien on the Property.

Some cities have imposed or are contemplating imposing an annual tax on vacant property. Vacant land and developments are subject to imposition of different fees in different jurisdictions, usually based upon the length of time the land is left vacant. Unpaid fees can become a lien on the property. Buyers should determine the extent of any unpaid fees and other restrictions by contacting the relevant city. Real estate brokers and agents are not qualified to make these determinations.

36. RENTAL PROPERTY, RENT CAPS & JUST CAUSE EVICTION: Effective January 1, 2020, with certain exemptions, California law limits the amount of rent increases that can be made by Landlords during any 12 month period of time and establishes "Just Cause" requirements for evicting Tenants who have continuously and lawfully occupied the Property for 12 months or more. This state law establishes criteria and procedures for At-Fault Just Cause Evictions, No-Fault Just Cause Evictions as well as Tenant payments for No-Fault Just Cause Evictions. Existing and future local ordinances may also apply to the frequency and amount of any rent increases as well as the ability to evict Tenants depending upon whether or not the local law is more restrictive on the Landlord than the state law.

When rental properties are offered to the public, the owner and real estate agent must act in compliance with all Fair Housing laws and regulations including, but not limited to, providing unrestricted access to potential tenants with service/companion animals. Landlords are required under Fair Housing laws to provide a "reasonable accommodation" for tenants with disabilities; in the case of tenants with disabilities, this includes allowing the tenant to occupy the rented residence with the service/companion animal. The landlord may not charge a "pet deposit" or otherwise charge the tenant for the service/companion animal in any manner different from a tenant without such an animal. Any property owner renting their property should consult with a California real estate attorney specializing in landlord/tenant and Fair Housing issues for advice on any matters related to Fair Housing and service/companion animals.

HUD has issued guidelines for housing providers, landlords and property managers in the use of criminal records in tenant selection, and when that use may be a Fair Housing violation. While it is still legal to take into consideration a criminal record of a prospective tenant in approving an application, the blanket use of criminal records to refuse to rent can be a Fair Housing violation. And the discrimination does not have to be intentional. The violation can occur if the effect of the use of criminal records results in a "disparate impact" on protected classes. Landlords are urged to consult with a qualified local landlord tenant attorney regarding the use of criminal records in tenant selection. To access the article, go to:
https://portal.hud.gov/hudportal/documents/huddoc?id=HUD_OGCGuidAppFHStandCR.pdf.

State law prohibits Landlords from refusing to rent to Tenants who intend to operate a day care facility; a residence with up to 14 children is deemed to be a legitimate residential use. State law also prohibits Landlords from discriminating against Tenants on the basis of their source of income, such as "Section 8", the informal name for the federal housing choice voucher program administered by HUD.

Several HOAs already have or are considering imposing restrictions on new owners who intend to rent out some or all of their Property which may differ from rules for existing owners in an effort to limit the percentage of non-owner-occupied units which can impact the ability to obtain financing.

Landlords must provide various disclosures and advisories to Tenants and comply with state and local Landlord-Tenant regulations. For example, commencing July 1, 2020, Landlords must disclose, in writing, if the Property is exempt from the Just Cause Eviction requirements. Other statewide Landlord notice requirements include, but are not limited to, providing Tenants with a statutory flood hazard disclosure and a bedbug notice to all Tenants. Landlords must also comply with other regulations to eradicate bedbugs. Sellers and Buyers of tenant-occupied property should consult with their own Local Landlord-Tenant Attorney to determine the legal viability of entering into an agreement that the Property shall be vacant prior to the Close of Escrow.

Although state law encourages construction of secondary housing units (an accessory dwelling unit "ADU" or "in-law unit") and prohibits HOAs from unreasonably restricting building an ADU on an owner's separate interest, the ability to construct those units and/or to rent those units to Tenants is still subject to local jurisdiction regulations and approvals. If Buyers intend to construct or use secondary units for rental purposes, they should investigate the financial and legal feasibility of those improvements and uses with appropriate experts during Buyers' inspection/investigation contingency period, if any. Brokers are not qualified to make those determinations.

Buyers who intend to use some portion or all of the Property for any type of rental purposes should contact the relevant City or County to ascertain all governmental requirements that may impact the ability to use the Property for rental purposes, including but not limited to any rent control or eviction requirements and/or any special permits, inspections, retrofit or disclosure obligations, prior to removing any inspection contingencies. See, for example, **Paragraph 50**

NOTE: Brokers are not qualified to provide legal advice and they are not qualified to determine which Landlord-Tenant laws apply to any given Property or Tenancy.

- 37. SHORT-TERM & VACATION RENTAL:** With the increased popularity of short-term and vacation rental services and websites such as Airbnb and VBRO, various local governmental entities and homeowner associations (“HOA”) have enacted, or are considering enacting, regulations on the ability of owners to rent out some portion or all of their property on either a short-term or long-term basis. Existing and proposed regulations may include a complete prohibition against certain types of rentals, licensing, permit requirements, special health and safety inspections, taxation and/or restrictions such as a limitation on the number of nights per month, total number of renter occupants, types of uses, parking requirements and noise restriction. Renting out one's property may also be impacted by subdivision and HOA Covenants, Conditions, and Restrictions (“CC&R's”). In some areas the HOA and/or governmental entities are classifying short-term and vacation rentals as constituting the running of a business out of a residence which is often prohibited in CC&R's and/or requires approval of a home occupation permit from the local governmental entity.

Neither Sellers nor Brokers can predict if, or when, any jurisdiction or HOA will adopt regulations, limitations or prohibitions on rentals in the future. Buyers who are considering using some portion of or all of their property for short-term or vacation rentals are strongly encouraged to investigate current and pending governmental and/or HOA rules and regulations related to rentals, insurance coverage, and the existence of taxation such as a Transient Occupancy Tax (“TOT”) and to review that documentation with a qualified California real estate attorney as well as their own insurance broker prior to the close of escrow.

- 38. PUBLIC SERVICES:** Public services (schools, fire, law enforcement, emergency response, etc.) may have been impacted by financial difficulties which can lead to changes in the level of service. In addition, each school district has its own rules regarding school assignments, and these rules may change at any time with little notice. For these reasons, Brokers cannot represent or guarantee that anyone who resides in any particular property will be able to attend any particular school or school district. If Buyers have any concerns regarding the quality and/or financial viability of public services, Buyers should investigate to their satisfaction prior to removing any applicable contingencies.

- 39. NEW CONSTRUCTION WARRANTIES, DEFECTS AND LAWSUITS:** The Real Estate Transfer Disclosure Statement (“TDS”) requires Sellers to disclose if there are any lawsuits by or against the Sellers threatening or affecting the real property along with questions related to construction defects, citing Civil Code Sections 900, 903, 910 and 914. These codes are part of a law that is often referred to as SB800 or Title 7, which generally applies to residential real property built by a “Builder” (as defined in Section 911) and sold for the first time after January 1, 2003. Section 900 provides for a limited one-year warranty from the Builder and Builders may provide “enhanced protection agreements” which may extend the warranty period. Homeowners are required to follow all reasonable maintenance obligations and schedules communicated in writing by the Builder and product manufacturers, as well as commonly accepted maintenance practices. Failure to do so may provide a defense against a homeowner claim and Builders often require specific pre-litigation procedures and remedies in the event of a claim against the Builder. Sellers who have questions about how to answer this TDS question should consult with a California real estate attorney for advice. If the Sellers disclose any lawsuits or claims, Buyers should investigate such disclosures with a California real estate attorney. Brokers are not qualified to provide advice on these matters.

- 40. PRIVATE ROADS:** If the property is accessed, or affected, by a private road that is shared with one or more other properties, Buyers need to determine the existence of a recorded private road maintenance agreement and compliance with that document. If no such agreement exists, Civil Code Section 845(s) provides that “the cost shall be shared proportionately to the use made of the easement by each owner.” Buyers should contact city/county officials and/or their attorney to evaluate their potential responsibilities.

- 41. MARIJUANA (CANNABIS):** Effective January 1, 2018, California has legalized certain uses of cannabis; however, this statewide law requires local cities and counties to enact their own regulations

regarding where cannabis can be used as well as the requirements for the issuance of permits and licenses prior to anyone cultivating, distributing and/or selling cannabis. Those regulations may include but are not limited to an inspection of the property and/or a determination as to the availability of water and other resources to grow cannabis. Federal laws still exist which may make those activities illegal and the federal government's ability to enforce its stricter restrictions in states such as California is still possible.

State law allow landlords to prohibit/regulate smoking of marijuana in or on the Landlord's property as well as to allow landlords to prohibit the cultivation, distribution and sale of marijuana for any purpose. Some HOAs may impose their own restrictions on these activities as well.

D. COUNTY AND CITY ADVISORIES: Changes to cities, towns, neighborhoods, road ways and other areas of the county do occur, often with some regularity, these changes can impact the environment, population, traffic and other factors. Real estate licensees cannot predict the impact that such changes may have on the present or future value, desirability use, and or development of any Property. The following information is general in nature and is subject to change.

42. GAS SHUT-OFF VALVE REQUIREMENTS: On February 9, 2010, the Contra Costa County Board of Supervisors revised an existing Ordinance regulating installation of approved gas shut-off devices in new buildings and in existing residential, commercial and industrial buildings prior to the sale of those buildings or when undertaking certain alterations or additions to those buildings located anywhere in the unincorporated areas of Contra Costa County if the building has a natural gas piping system. The City of Hercules has also enacted a similar requirement. This law also applies to the sale of individual condominium units. The Ordinance seeks to make buildings safer in case of a breakage or disconnection of a gas line caused by earthquakes, landslides or common household accidents. Some insurance companies provide discounts on their homeowner's insurance policy if such devices are in place.

This Ordinance does not contain any exceptions or exemptions for the type of sale (such as probate); Buyers and Sellers cannot agree to waive compliance with this Ordinance. The County is now requiring that on all improved real property that closes escrow after December 1, 2006 and that have fuel gas piping supplying a structure with gas, an approved seismic gas shut-off device (motion sensitive) or an approved excess flow gas shut-off device (non-motion sensitive) must be installed prior to the close of escrow:

1. For the sale of existing residential, commercial or industrial buildings, the approved gas shut-off device must be installed downstream of the gas utility meter at the beginning of each rigid gas piping system that serves the structure.
2. For the sale of existing condominium units, the approved gas shut-off device must be installed downstream of the meter on the gas piping serving the actual condominium unit that is being sold. If any existing residential building is altered or added to that has fuel gas piping supplying the existing building or the addition and the building permit is issued after March 11, 2010, the approved gas shut-off device must be installed if the alteration or addition is either more than \$5,000 where fuel gas piping is involved in the alteration or addition, or more than \$15,000 where fuel gas piping is not involved in the alteration or addition.

For a list of the approved gas shut-off valves, please visit the home page for the California Division of the State Architect website at <http://www.dgs.ca.gov/dsa/home.aspx> and search the site for gas shutoff devices.

NOTE: Real estate licensees cannot determine whether any Property is in compliance with this Ordinance and Agents have no liability for ensuring that there is compliance with this Ordinance either before, during or after escrow closes. Seller and Buyers should retain appropriate experts to investigate the existing gas lines to determine whether the required shut-off devices are in place. Buyers and Seller should reach a written agreement as to who is to pay for the inspection and/or the installation of any required devices since the Ordinance does not specify which Principal must be financially responsible.

43. SEWER LINE INSPECTION AND COMPLIANCE: Several cities in Contra Costa County have a Sewer Lateral Ordinance, but each city and/or Wastewater Municipality have their own requirements AND THOSE REQUIREMENTS ARE SUBJECT TO CHANGE AT ANY TIME. Sellers and Buyers should check with the

local wastewater municipality to determine if the Property falls within a jurisdiction that enforces a Sewer Lateral Ordinance and can obtain additional information at the websites listed in this Paragraph.

NOTE: Real estate licensees cannot determine whether any Property is in compliance with any applicable local sewer line requirements; Agents have no liability for ensuring that there is compliance with local requirements either before, during or after escrow closes.

Wastewater Municipalities in West Contra Costa:

Crockett Community Service District <http://www.town.crockett.ca.us> or (510) 787-2992

Stege Sanitary District <http://www.stegesd.dst.ca.us/> or (510) 524-4668

East Bay MUD <http://www.ebmud.com> or (866) 403-2683

West County Wastewater District <http://www.wcwwd.org> or (510) 222-6700

Rodeo Sanitary District <http://www.rodeosan.org> or (510) 799-2970

City of Richmond Municipal Sewer District <http://www.ci.richmond.ca.us/> or (510) 620-6513

City of Hercules <http://www.ci.hercules.ca.us> or (510) 799-8200

- 44. WEATHERIZING DISCLOSURE REQUIREMENTS:** As of the date of this Advisory, the Cities of Concord, Pleasant Hill and Walnut Creek have enacted ordinances imposing disclosure obligations on Sellers of residential property to complete and sign a city-specific Weatherization Disclosure Form which is to be provided to the Buyers. After the Buyers certify receipt of the Seller's Disclosure, the fully completed and signed form must be submitted to the respective City. Unlike certain California statutory disclosure requirements, these separate Seller disclosure requirements have no Seller exemptions; however, some jurisdictions do not enforce their own ordinances and have made compliance "voluntary". Additional Cities in Contra Costa County may require comparable weatherization disclosures in the future. Buyers should investigate the existence of such ordinances and whether those ordinances are being enforced by contacting the city where the Property is located.
- 45. NO-SMOKING, VAPING AND SECOND-HAND SMOKE ORDINANCES:** As of the date of this Advisory, the Cities of Danville, San Pablo, Richmond and Walnut Creek, have enacted ordinances that prohibit smoking in certain parts of those cities, and in some cases e-cigarettes; smoking and vaping restrictions may also apply to multi-unit residential units, including balconies, common areas and ;within certain distances of all enclosed areas. These ordinances are usually designed to limit ingestion of second-hand smoke by other residents. Other cities may enact such ordinances as well. For information on whether these ordinances exist and/or are being enforced contact the City or County website where the Property is located.
- 46. BRENTWOOD:** The City of Brentwood has announced it is studying a proposed development plan for the two golf courses serving the communities of Shadow Lakes and Deer Ridge, which could potentially impact the adjacent area known as Brentwood Hills. An Environmental Impact Report will study the proposed plan's impact on the environment, population, traffic and other factors. Buyers are strongly encouraged to investigate whether or not the proposed development plan will impact their own present or future assessment of the value, desirability, use and/or development of any Property that may be impacted by this proposed development plan. For more information, contact the City of Brentwood at (925) 516-5400 or online at: www.brentwoodca.gov. Real estate licensees are not qualified to verify or investigate this information.
- 47. MORAGA-ORINDA FIRE HYDRANT CAPACITY & ABATEMENT COMPLIANCE:** The Moraga-Orinda Fire District has a community fire flow standard, which is to be obtained from any three adjacent or reasonable nearby hydrants flowing simultaneously. Several neighborhoods within the City of Orinda do not meet this current fire flow requirement. The City of Orinda, Moraga-Orinda Fire District, East Bay Municipal Utility District and the Orinda Fire Safety Committee are currently working together to address the fire flow concern and correct the situation through a multi-task program. The Fire District also has an abatement ordinance to create defensible space around residences to minimize fire risks. The ordinance may necessitate the removal of trees and other vegetation and non-compliance can result in fines. For more information on the Very High Fire Hazard Severity Zones (VHFHSZ) and the fire flows available within a neighborhood, you may contact the Moraga-Orinda Fire District Fire Marshall at (925) 258-4599 or view the VHFHSZ map located at the Fire Prevention Bureau located at 1280 Moraga Way in Moraga.

48. ORINDA ENVIRONMENTAL BROCHURE: The City of Orinda has produced a one-page brochure entitled *Your Environmental Responsibilities as a Homeowner in Orinda*. For a copy of this brochure Sellers and Buyers are advised to contact the City of Orinda either personally at 22 Orinda Way, Orinda, California 94563. (925) 253-4200 or online at: www.ci.orinda.ca.us.

49. PINOLE: The City of Pinole Municipal Code requires inspection of and compliance with sewer lateral regulations as part of the sale of residential property. As of July 21, 2017, the City of Pinole also requires that all balconies must be inspected by licensed professionals and Buyers must receive the inspection report. The cost of compliance of these requirements is negotiable by and between Seller and Buyer. The Parties are encouraged to use the Contra Costa County Purchase Agreement Addendum that is intended for use in the City of Pinole to reach mutual agreements regarding the issues discussed in Paragraph 48.

50. DISCOVERY BAY:

Water: The Town of Discovery Bay Community Services District ("CSD") provides drinking water, maintains the waste water and sewer systems. Discovery Bay water comes from a system comprised of service wells and contains a high mineral content which in some locations may have an undesirable odor and may stain clothing or corrode appliances. The fee for usage of these systems will appear on your Contra Costa Tax Bill.

CSD is in the process of installing water meters at various residential properties that do not currently have water meters. Recipients of the new meters may pay the full cost of the meter installation up front or they can pay for the meter in installments over a ten-year period but there will be an interest charge. The exact cost of the water meter installation varies and the exact cost will not be known until after the meters have been installed; the project is estimated to be completed by mid-2018. The estimated installation costs range from \$500 to \$1500 depending upon the type of equipment and complexity of construction work. If the Seller has not already fully paid all costs for water meter installation, Buyer and Seller should contractually agree who will be responsible for this expense by using the Discovery Bay Purchase Contract Addendum. For further information, contact the Town at (925) 634-1131 or go to their website at www.todb.ca.gov.

Waterways: Discovery Bay is within the jurisdiction of Reclamation District 800. This agency maintains the waterways and provides for the slopes on the channels and bays of Discovery Bay. Dock construction, decks on or near the slope areas, and maintenance of the slope areas are subject to the rules of this District. Slope control and maintenance is generally the responsibility of the property owner. Some homeowners have received letters from the District with regard to removal of trees that may be located in restricted areas of a main levee. District 800 fees appear on the Contra Costa County tax bill for all properties within the district. Buyers are advised to contact the District for more information at (925) 634-2351.

Filled Lots: All lots in the development contain some filled ground. There have been some incidents of slope failure, particularly on the eastern side of Discovery Bay on Drakes Drive. A number of homeowners in that area filed a lawsuit in December, 1989 against the Hoffmann Company, Kleinfelder Engineers and Reclamation District 800. The lawsuit was settled in February 1994. The information concerning filled ground, geologic and soil condition is available at Contra Costa County Building Dept., 651 Pine Street, Martinez, California 94533.

51. LOCAL RENTAL ISSUES: The City of Richmond enacted an Ordinance covering Rent and Eviction Control. Other cities have or may create comparable requirements and/or require the issuance of permits or mandate inspections prior to renting out any type of property and/or any portion of the Property. Buyers should investigate the existence of applicable local ordinances as well as applicable past or current fees or city liens and other regulations that impact on their ability to rent property. Buyers should satisfy themselves as to whether a local ordinance will impact their intended use of the Property. Determining the existence of and/or the applicability of any laws regulating the ability of a Property Owner to rent some or all of the property, the amount of rent, the eviction of tenants, and/or mandatory city rental health and safety inspections, is beyond the expertise of the real estate professionals. Buyers should consult with a local Landlord-Tenant attorney.

52. ROSSMOOR: Rossmoor is a planned unit development with housing and recreational amenities designed for people who are over 55 years of age. It consists of single-family homes, condominiums and cooperative units and sales in Rossmoor include membership in a Mutual/Home Owners Association and a membership in

Golden Rain foundation. There are many separate Home Owners Associations (referred to as a "Mutual") and the applicable Mutual depends upon the type of unit and where the unit is located within the development (for general information on Common Interest Developments see **Paragraph 13**); which Mutual applies to any unit may change over time. Rossmoor has a Member Records Department that must be notified of the closing date and that Department must be notified no later than five (5) days prior to any new closing date.

Some of the Rossmoor properties have electric furnaces that may no longer have parts available for repair or replacement. Future repairs or replacement may be difficult and/or expensive; warranty companies may not cover the cost of a new system. Some of the buildings do not have fire breaks in the attic. Some asbestos containing materials ("ACM") exist in some building components in Rossmoor. ACM is generally found in buildings constructed prior to 1980 and is known to be found in some ceilings' acoustical insulation and exhaust flue joint insulations.

Most of the units in Rossmoor are required to pass a building and/or alteration compliance inspection prior to any change in ownership but that inspection should not be viewed as a substitute for conducting any inspections that are routinely obtained by Buyers including but not limited to a general house inspection. If the presale inspection notes any required corrective work it may be the responsibility of the Seller or the Mutual. The Mutual reserves the right to remedy non-emergency repairs items after escrow closes.

Replacements, alterations or remodeling of a unit may require a permit from the Golden Rain Foundation and the City of Walnut Creek. To obtain such permits, certain existing deck enclosures (which were approved at the time they were built) may need to be brought up to current code before any new permits are issued.

On April 14, 2010, a Rossmoor News article was published regarding a registered sex offender who lives in Rossmoor. Buyer is advised to investigate this issue further through the Megan's Law Database:

<http://www.meganslaw.ca.gov/>

Brokers do not have the requisite expertise to investigate any or all of the issues in this Rossmoor Advisory and they will not verify the information provided by others.

- 53. SAN PABLO:** The City of San Pablo requires a pre-sale city inspection and a certificate of compliance issued prior to the sale or lease of any non-owner-occupied unit more than three years from the original construction date, or any owner-occupied unit more than ten years from the original construction date. For more information, sellers and buyers should contact the City of San Pablo at 13831 San Pablo Avenue, San Pablo, CA 94806 • (510) 215-3030 • <http://www.SanPabloCA.gov>

- 54. COUNTY AND CITY CONTRACT ADDENDA:** The Contra Costa County Association of REALTORS® has developed Purchase Contract Addenda which are intended for use in the following specific Cities and in the Unincorporated Areas of Contra Costa County to address certain local retrofit/point of sale issues discussed in this Advisory. The Available Purchase Contract Addenda are for the following jurisdictions:

City of El Cerrito

City of Richmond

City of Hercules

City of San Pablo

City of Pinole

Unincorporated Contra Costa County

E. ATTORNEY AND ACCOUNTANT RECOMMENDATIONS:

In addition to the professional service providers Buyers will retain to inspect and analyze the property being purchased or sold, Buyers and Sellers may face situations which could result in significant legal consequences and substantial impact on their personal finances. The most prudent plan is to identify a certified public accountant and qualified California real estate attorney in advance so that Buyers and Sellers can quickly contact and seek the proper financial and/or legal advice and guidance if needed during the transaction. If a 1031 exchange is contemplated, an exchange accommodator should be consulted regarding the proper method and timing of an exchange.

F. THE PARTIES ACKNOWLEDGE THE FOLLOWING REGARDING BROKER:

- Broker does not warrant or guarantee the condition of the Property.
- Broker shall not be responsible for failure to disclose to Buyer facts regarding the condition of the property where the condition (i) is unknown to Broker or (ii) is not capable of being seen by Broker because it is in an area of the property that is reasonably and normally inaccessible to a Broker;
- Broker has not verified; square footage, size of structures, acreage or boundary lines of the property; representations made by others; information received from public records, Seller or other third parties; information contained in inspection reports or in the Multiple Listing Service, or that has been copied therefrom; or statements in advertisements, flyers or other promotional material; or any other matters described in this Disclosures and Disclaimers Advisory; unless otherwise agreed in writing;
- Broker does not guarantee, and shall not be responsible for, the labor or services or products provided by others to or on behalf of Buyers or Seller and does not guarantee, and shall not be responsible for, the quality, adequacy, completeness or code compliance of repairs made by Seller or by others;
- Broker does not decide what price Buyers should pay or Seller should accept;
- Broker is not qualified to give legal, tax, insurance or title advice;
- Brokers lack professional expertise in the topics listed in this Advisory, and do not verify the results of any inspections or guarantee the performance or reports of any inspection or professional services.
- **Buyers and Sellers are advised to investigate and choose their own service providers to conduct investigations and advise them on all matters related to the sale and purchase of real property. Nothing any real estate licensee may say will change the terms or effect of this Advisory.**

G. WIRE FRAUD ADVISORY

There has been a small but growing scheme in which Buyers and Sellers have received e-mails from their agent or an escrow company providing wire transfer information for money from Buyer to Escrow, or to Seller for proceeds from Escrow. Hackers intercept these e-mails and then alter the wire transfer instructions to re-direct the funds to the hacker's account with an off-shore bank. **DO NOT EVER WIRE FUNDS PRIOR TO CALLING THE ESCROW OFFICER AT THE NUMBER PREVIOUSLY PROVIDED TO YOU and confirming verbal wire transfer instructions before taking steps to have the funds transferred.** If you have received questionable wiring instructions, notify your bank, real estate agent and the Escrow Holder, as well as the FBI at: <https://www.fbi.gov/> and the Internet Crime Complaint Center at: <http://www.ic3.gov/>

LEAD-BASED PAINT AND LEAD-BASED PAINT HAZARDS DISCLOSURE, ACKNOWLEDGMENT AND ADDENDUM For Pre-1978 Housing Sales, Leases, or Rentals (C.A.R. Form FLD, Revised 11/10)

The following terms and conditions are hereby incorporated in and made a part of the: [X] California Residential Purchase Agreement, [] Residential Lease or Month-to-Month Rental Agreement, or [] Other: 7 Bay Drive, Bay Point, CA 94565, dated 6/16/2020, on property known as: 7 Bay Drive, Bay Point, CA 94565 ("Property") in which Abel Barrera, Secilia Montano is referred to as Buyer or Tenant and Staley & Macarthur Inc. is referred to as Seller or Landlord.

LEAD WARNING STATEMENT (SALE OR PURCHASE) Every purchaser of any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligent quotient, behavioral problems and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller of any interest in residential real property is required to provide the buyer with any information on lead-based paint hazards from risk assessments or inspections in the seller's possession and notify the buyer of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazards is recommended prior to purchase.

LEAD WARNING STATEMENT (LEASE OR RENTAL) Housing built before 1978 may contain lead-based paint. Lead from paint, paint chips and dust can pose health hazards if not managed properly. Lead exposure is especially harmful to young children and pregnant women. Before renting pre-1978 housing, lessors must disclose the presence of lead-based paint and/or lead-based paint hazards in the dwelling. Lessees must also receive federally approved pamphlet on lead poisoning prevention.

EPA'S LEAD-BASED PAINT RENOVATION, REPAIR AND PAINTING RULE: The new rule requires that contractors and maintenance professionals working in pre-1978 housing, child care facilities, and schools with lead-based paint be certified; that their employees be trained; and that they follow protective work practice standards. The rule applies to renovation, repair, or painting activities affecting more than six square feet of lead-based paint in a room or more than 20 square feet of lead-based paint on the exterior. Enforcement of the rule begins October 1, 2010. See the EPA website at www.epa.gov/lead for more information.

1. SELLER'S OR LANDLORD'S DISCLOSURE

I (we) have no knowledge of lead-based paint and/or lead-based paint hazards in the housing other than the following:

[Blank lines for disclosure]

I (we) have no reports or records pertaining to lead-based paint and/or lead-based paint hazards in the housing other than the following, which, previously or as an attachment to this addendum, have been provided to Buyer or Tenant:

[Blank lines for disclosure]

I (we), previously or as an attachment to this addendum, have provided Buyer or Tenant with the pamphlet "Protect Your Family From Lead In Your Home" or an equivalent pamphlet approved for use in the State such as "The Homeowner's Guide to Environmental Hazards and Earthquake Safety."

For Sales Transactions Only: Buyer has 10 days, unless otherwise agreed in the real estate purchase contract, to conduct a risk assessment or inspection for the presence of lead-based paint and/or lead-based paint hazards.

I (we) have reviewed the information above and certify, to the best of my (our) knowledge, that the information provided is true and correct.

FLD REVISED 11/10 (PAGE 2 OF 2)

LEAD-BASED PAINT AND LEAD-BASED PAINT HAZARDS DISCLOSURE (FLD PAGE 2 OF 2)

MARKET CONDITIONS ADVISORY
(C.A.R. Form MCA, Revised 11/11)

1. MARKET CONDITIONS: Real estate markets are cyclical and can change over time. It is impossible to predict future market conditions with accuracy. In a competitive or "hot" real estate market, there are generally more Buyers than Sellers. This will often lead to multiple buyers competing for the same property. As a result, in order to make their offers more attractive, some Buyers may offer more than originally planned or eliminate certain contingencies in their offers. In a less competitive or "cool" market there are generally more Sellers than Buyers, often causing real estate prices to level off or drop, sometimes precipitously. The sales price of homes being sold as foreclosures and short sales is difficult to anticipate and can affect the value of other homes in the area. Brokers, appraisers, Sellers and Buyers take these "distressed" property sales and listings into consideration when valuing property. In light of the real estate market's cyclical nature it is important that Buyers understand the potential for little or no appreciation in value, or an actual loss in value, of the property they purchase. This Advisory discusses some of the potential risks inherent in changing market conditions.

2. BUYER CONSIDERATIONS:

A. OFFERING PRICE: AS A BUYER, YOU ARE RESPONSIBLE FOR DETERMINING THE PRICE YOU WANT TO OFFER FOR A PROPERTY. Although Brokers may provide you with comparable sales data, generally from information published in the local multiple listing service, you should know that the reporting of this data is often delayed and prices may change, up or down, faster than reported sales indicate. All buyers should be sure they are comfortable with the price they are offering or the price they are accepting in a counter offer. You should be aware of and think about the following: **(i)** If your offer is accepted, the property's value may not increase and may even decrease. **(ii)** If your offer is accepted, you may have "Buyer's remorse" that you paid too much. **(iii)** If your offer is rejected there can be no guarantee that you will find a similar property at the same price. **(iv)** If your offer is rejected, you may not be satisfied that the amount you offered was right for you. Only you can determine that your offer was reasonable and prudent in light of the property and your circumstances.

B. NON-CONTINGENT OFFERS: Most residential purchase agreements contain contingencies allowing a Buyer within a specified period of time to cancel a purchase if: **(i)** the Buyer cannot obtain a loan; **(ii)** is dissatisfied with the property's condition after an inspection; or **(iii)** if the property does not appraise at a certain value. To make their offers more attractive, Buyers will sometimes write offers with few or no contingencies or offer to remove contingencies within a short period of time. In a "hot" market, sellers will sometimes insist that Buyers write offers with no contingencies. Broker recommends that Buyers do not write non-contingent offers and if you do so, you are acting against Broker's advice. However, if you do write a non-contingent offer these are some of the contractual rights you may be giving up:

(1) LOAN CONTINGENCY: If you give up your loan contingency, and you cannot obtain a loan, whether through your fault or the fault of your lender, and as a result, you do not or cannot purchase the property, you may legally be in default under the contract and required to pay damages or forfeit your deposit to the seller.

(2) APPRAISAL CONTINGENCY: If your lender's (or your own) appraiser does not believe the property is worth what you have agreed to pay for it, your lender may not loan the full amount needed for the purchase or may not loan any amount at all because of a low appraisal. As a result, if you do not purchase the property, and you have removed your appraisal contingency, you may legally be in default under the contract and could be required to pay damages to, or forfeit your deposit to, the Seller. The Seller is not obligated to reduce the purchase price to match the appraised value.

Buyer's Initials (

Feijon Tavares

Seller's Initials (

SM) (_____)

Property Address: 7 Bay Drive, Bay Point, CA 94565

Date: _____

(3) INSPECTION CONTINGENCY: If you disapprove of the condition of the property and as a result, you do not purchase the property, you may legally be in default under the contract and required to pay damages to, or forfeit your deposit to, the Seller if you have removed your inspection contingency. However, even if you make an offer without an inspection contingency or you remove that contingency, the Seller may still be obligated to disclose to you material facts about the property. In some cases, once you receive that information the law gives you an independent right to cancel for a limited period of time.

There is inherent risk in writing a non-contingent offer. Only you, after careful consultation and deliberation with your attorney, accountant, or financial advisor can decide how much risk you are willing to take. IT IS YOUR DECISION ALONE AND CANNOT BE MADE BY YOUR BROKER OR REAL ESTATE AGENT.

C. BROKER RECOMMENDATIONS. Broker recommends that you do not write a non-contingent offer, even if you are planning on paying all cash for the property. If you intend to write a non-contingent offer, Broker recommends that, prior to writing the offer, you: **(i)** review all available Seller reports, disclosures, information and documents; **(ii)** have an appropriate professional inspect the property (even if it is being sold "as is" in its present condition); and **(iii)** carefully assess your financial position and risk with your attorney, accountant or financial advisor.

D. MULTIPLE OFFERS: At times Buyers may write offers on more than one property even though the Buyer intends to purchase only one. This may occur in a short sale when the approval process can take a considerable amount of time. While it is not illegal to make offers on multiple properties with intent to purchase only one, the Buyer can be obligated to many Sellers if more than one accepts the Buyer's offers. If the Buyer has not disclosed that the Buyer is writing multiple offers with the intent to purchase only one and the Buyer subsequently cancels without using a contingency, the Seller may claim the Buyer is in breach of contract because the Buyer fraudulently induced the Seller to enter into a contract.

3. SELLER CONSIDERATIONS:

As a Seller, you are responsible for determining the asking price for your property. Although Brokers may provide you with comparable sales data, generally from information published in the local multiple listing service, you should know that the reporting of this data is often delayed and prices may change, up or down, faster than reported sales indicate. All Sellers should be sure they are comfortable with the asking price they are setting and the price they are accepting. There is not, and cannot be, any guarantee that the price you decide to ask for your property, or the price at which you agree to sell your property is the highest available price obtainable for the property. It is solely your decision as to how much to ask for your property and at which price to sell your property.

Buyer/Seller acknowledges each has read, understands and has received a copy of this Market Conditions Advisory.

REPRESENTATIVE CAPACITY SIGNATURE DISCLOSURE (FOR SELLER REPRESENTATIVES)

(C.A.R. Form RCSD-S, Revised 6/19)

This form is not an assignment. It should not be used to add new parties after a contract has been formed. The purpose of this form is to identify who the principal is in the transaction and who has authority to sign documents on behalf of the principal.

This is a disclosure to one or more of the following: Listing Agreement, Purchase Agreement, or Other Agreement, specified below in which Staley & Macarthur Inc. is identified as ("Seller"). If a trust, identify Seller as the trustee(s) of the trust or by simplified trust name (ex. John Doe, co-trustee, Jane Doe, co-trustee or Doe Revocable Family Trust 3). Full name of trust should be identified in 1A below. If power of attorney, insert principal's name as Seller.

- 1. **A. TRUST:** (1) The Property is held in trust pursuant to a trust document, titled (full name of trust): _____
 (2) The person(s) signing below is/are Sole/Co/Successor Trustee(s) of the Trust.
- B. ENTITY:** Seller is a Corporation, Limited Liability Company, Partnership Other: _____ which has authorized the officer(s), managing member(s), partner(s) or person(s) signing below to act on its behalf. An authorizing resolution of the applicable body of the entity described above is is not attached.
- C. POWER OF ATTORNEY:** Seller ("Principal") has authorized the person(s) signing below ("Attorney-in-Fact", "Power of Attorney" or "POA") to act on his/her behalf pursuant to a General Power of Attorney (Specific Power of Attorney for the Property), dated _____. **This form is not a Power of Attorney. A Power of Attorney must have already been executed before this form is used.**
- D. ESTATE:** (1) Seller is an estate, conservatorship, or guardianship identified by Superior Court Case name as _____, Case # _____.
 (2) The person(s) signing below is/are court approved representatives (whether designated as Sole or Co-Executor, Administrator, Conservator, Guardian) of the estate, conservatorship or guardianship identified above.

2. Seller's Representative represents that the trust, entity or power of attorney for which that Party is acting already exists.

REPRESENTATIVE CAPACITY SIGNATURE DISCLOSURE (RCSD-S PAGE 2 OF 2)

CLUE WAIVER

The Seller on this real estate transaction has elected to not provide:

Insurance Claims History Report (CLUE)

By executing this agreement both Buyer(s) and Seller(s) have agreed to exclude this document from the purchase contract and hold all agents and brokers harmless. Realty ONE Group FUTURE additionally recommends that the Buyer hire a home inspector during the Buyer's inspection period.

The Insurance Claims Report (CLUE) (Comprehensive Loss Underwriting Exchange) provides dates of claims, insurance companies involved, the type of policy, whether loss was related to a named catastrophe (earthquake, etc.), location of the loss (on or off property), the amount paid and cause of the loss.

I have read and understand the CLUE waiver and wish to continue with the purchase contract without receiving Buyer(s) or providing Seller(s) these documents.

WATER-CONSERVING PLUMBING FIXTURES AND CARBON MONOXIDE DETECTOR NOTICE

(C.A.R. Form WCMD, 12/16)

Property Address: 7 Bay Drive, Bay Point, CA 94565

1. WATER-CONSERVING PLUMBING FIXTURES

A. INSTALLATION:

(1) Requirements: (a) Single-Family Properties. California law (Civil Code §1101.4) requires all single-family residences built on or before January 1, 1994 to be equipped with water-conserving plumbing fixtures after January 1, 2017. (b) Multifamily and Commercial Properties. Civil Code §1101.5 requires all multifamily residential and commercial properties built on or before January 1, 1994 to be equipped with water-conserving plumbing fixtures after January 1, 2019. Additionally, on and after January 1, 2014, a multifamily residential and commercial property built on or before January 1, 1994 that is altered or improved is required to be equipped with water-conserving plumbing fixtures as a condition of final approval if the alteration or improvement increases floor area space by more than 10 percent, or has a cost greater than \$150,000, or for any room in a building which requires a building permit.

(2) Exceptions: These requirements do not apply to (i) registered historical sites, (ii) real property for which a licensed plumber certified that, due to the age or configuration of the property or its plumbing, installation of water-conserving plumbing fixtures is not technically feasible, or (iii) a building for which water service is permanently disconnected. Additionally, there is a one-year exemption for any building slated for demolition, and any city or county that has adopted a retrofit requirement prior to 2009 is itself exempt. (Civil Code §§1101.6, 1101.7, and 1101.9.)

B. Disclosure of Water-Conserving Plumbing Fixtures: Although the installation of water-conserving plumbing fixtures is not a point of sale requirement, California Civil Code §§1101.4 (single family properties beginning 2017) and 1101.5 (multifamily and commercial properties beginning 2019) require the seller to disclose to the buyer the requirements concerning water-conserving plumbing fixtures and whether the property contains any noncompliant water fixtures.

C. Noncompliant Water Fixtures: Noncompliant water fixtures are any of the following: (i) any toilet manufactured to use more than 1.6 gallons of water per flush, (ii) any urinal manufactured to use more than one gallon of water per flush, (iii) any showerhead manufactured to have a flow capacity of more than 2.5 gallons of water per minute, (iv) any interior faucet that emits more than 2.2 gallons of water per minute. (Civil Code §1101.3.) Buyer and Seller are each advised to consult with their own home inspector or contractor to determine if any water fixture is noncompliant.

2. CARBON MONOXIDE DETECTORS:

A. INSTALLATION:

(1) Requirements: California law (Health and Safety Code §§13260 to 13263 and 17296 to 17296.2) requires that as of July 1, 2011, all existing single-family dwellings have carbon monoxide detectors installed and that all other types of dwelling units intended for human occupancy have carbon monoxide detectors installed on or before January 1, 2013. The January 1, 2013 requirement applies to a duplex, lodging house, dormitory, hotel, condominium, time-share and apartment, among others.

(2) Exceptions: The law does not apply to a dwelling unit which does not have any of the following: a fossil fuel burning heater or appliance, a fireplace, or an attached garage. The law does not apply to dwelling units owned or leased by the State of California, the Regents of the University of California or local government agencies. Aside from these three owner types, there are **no other owner exemptions** from the installation requirement; it applies to all owners of dwellings, be they individual banks, corporations, or other entities. There is no exemption for REO properties.

B. DISCLOSURE OF CARBON MONOXIDE DETECTORS: The Health and Safety Code does not require a disclosure regarding the existence of carbon monoxide detectors in a dwelling. However, a seller of residential 1-4 property who is required to complete a Real Estate Transfer Disclosure Statement, (C.A.R. Form TDS) or a Manufactured Home and Mobile home Transfer Disclosure Statement (C.A.R. Form MHTDS) must use section II A of that form to disclose whether or not the dwelling unit has a carbon monoxide detector.

WCMD 12/16 (PAGE 1 OF 2)

WATER-CONSERVING PLUMBING FIXTURES AND CARBON MONOXIDE DETECTOR NOTICE (WCMD PAGE 1 OF 2)

Property Address: 7 Bay Drive, Bay Point, CA 94565

C. COMPLIANCE WITH INSTALLATION REQUIREMENT: State building code requires at a minimum, placement of carbon monoxide detectors in applicable properties outside of each sleeping area, and on each floor in a multi-level dwelling but additional or different requirements may apply depending on local building standards and manufacturer instructions. An owner who fails to install a carbon monoxide detector when required by law and continues to fail to install the detector after being given notice by a governmental agency could be liable for a fine of up to \$200 for each violation. A transfer of a property where a seller, as an owner, has not installed carbon monoxide detectors, when required to do so by law, will not be invalidated, but the seller/owner could be subject to damages of up to \$100, plus court costs and attorney fees. Buyer and Seller are each advised to consult with their own home inspector, contractor or building department to determine the exact location for installation of carbon monoxide detectors. Buyer is advised to consult with a professional of Buyer's choosing to determine whether the property has carbon monoxide detector(s) installed as required by law, and if not to discuss with their counsel the potential consequences.

3. LOCAL REQUIREMENTS: Some localities maintain their own retrofit or point of sale requirements which may include the requirement that water-conserving plumbing fixtures and/or a carbon monoxide detector be installed prior to a transfer of property. Therefore, it is important to check the local city or county building and safety departments regarding point of sale or retrofit requirements when transferring property.

The undersigned hereby acknowledge(s) receipt of a copy of this Water-Conserving Plumbing Fixtures and Carbon Monoxide Detector Notice.

STATEWIDE BUYER AND SELLER ADVISORY
(This Form Does Not Replace Local Condition Disclosures.
Additional Advisories or Disclosures May Be Attached)
 (C.A.R. Form SBSA, Revised 6/18)

BUYER RIGHTS AND DUTIES:

- The physical condition of the land and improvements being purchased are not guaranteed by Seller or Brokers.
 - You should conduct thorough investigations of the Property both personally and with appropriate professionals.
 - If professionals recommend further inspections, you should contact qualified experts to conduct such inspections.
 - You should retain your own professional even if Seller or Broker has provided you with existing reports.
 - You should read all written reports given to you and discuss those reports with the persons who prepared them. It is possible that different reports provided to you contain conflicting information. If there are discrepancies between reports, disclosures or other information, you are responsible for contacting appropriate professionals to confirm the accuracy of correctness of the reports, disclosures or information.
 - You have the right to request that the Seller make repairs or corrections or take other actions based on inspections or disclosures, but the Seller is not obligated to respond to you or make any such repairs, corrections or other requested actions.
 - If the Seller is unwilling or unable to satisfy your requests, and you act within certain time periods, you may have the right to cancel the Agreement (the Purchase Agreement and any Counter Offer and Addenda together are the "Agreement"). If you cancel outside of these periods, you may be in breach of the Agreement and your deposit might be at risk.
 - You are advised to seek legal, tax, and other assistance from appropriate professionals in order to fully understand the implications of any documents or actions during the transaction. If you are doing a 1031 exchange, you are advised to contact an exchange accommodator to discuss the proper method and timing of the exchange.
 - The terms of the Agreement and any counter offers and addenda establish your rights and responsibilities.
- YOU ARE STRONGLY ADVISED TO INVESTIGATE THE CONDITION AND SUITABILITY OF ALL ASPECTS OF THE PROPERTY. IF YOU DO NOT DO SO, YOU ARE ACTING AGAINST THE ADVICE OF BROKERS.**

SELLER RIGHTS AND DUTIES:

- You have a duty to disclose material facts known to you that affect the value or desirability of the Property.
- You are obligated to make the Property available to the Buyer and have utilities on for inspections as allowed by the Agreement.
- This form is not a substitute for completing a Real Estate Transfer Disclosure Statement, if required, and any other property-specific questionnaires or disclosures.
- The terms of the Agreement establish your rights and responsibilities.
- You are advised to seek legal, tax, and other assistance from appropriate professionals in order to fully understand the implications of any documents or actions during the transaction. If you are doing a 1031 exchange, you are advised to contact an exchange accommodator to discuss the proper method and timing of the exchange.

BROKER RIGHTS AND DUTIES:

- Brokers do not have expertise in all areas and matters affecting the Property or your evaluation of it.
- For most sales of residential properties with no more than four units, Brokers have a duty to make a reasonably competent and diligent visual inspection of the accessible areas of the Property and disclose to you material facts or defects that the inspection reveals.
- Many defects and conditions may not be discoverable by a Broker's visual inspection.
- If Brokers give a referral to another professional, Brokers do not guarantee that person's performance. You may select any professional of your own choosing.
- If a Broker gives you reports or other documents, unless otherwise specified, it is possible that different reports provided to you contain conflicting information. Broker has not and will not verify or otherwise investigate the information contained therein.
- Any written agreement between a Broker and either Buyer or Seller or both establishes the rights and responsibilities of those parties.

Table of Contents

Notice: This Statewide Buyer and Seller Advisory is 14 pages and addresses the following topics. All paragraphs are important. Buyer and Seller are encouraged to read each one carefully.

A. Investigation of Physical Conditions (Pages 2-5)	1. Easements, Access and Encroachments, 2. Environmental Hazards, 3. Formaldehyde, 4. Geologic Hazards, 5. Inspections, 6. Mold, 7. Pets and Animals, 8. Septic Systems, 9. Soil and Geologic Conditions, 10. Square Footage, Lot Size, Boundaries and Surveys, 11. Water Intrusion, 12. Well and Water System(s), 13. Wood Destroying Pests
B. Property Use and Ownership (Pages 5-8)	1. Accessory Dwelling Units, 2. Building Permits, Zoning and Code Compliance, 3. Buyer Intended Future Use, 4. California Fair Plan, 5. Future Repairs, Replacements and Remodels, 6. Heating Ventilating and Air Conditioning Systems, 7. Historical Designation, Coastal Commission, Architectural, Landscape, Agricultural or Open Space and Other Restrictions on Buildings or Improvements, 8. Insurance, Title Insurance and Title Insurance After Foreclosure, 9. Land Lease, 10. Marijuana and Methamphetamine Labs, 11. Owner's Title Insurance, 12. Rent and Eviction Control Laws and Ordinances, 13. Retrofit, Building Requirements, and Point of Sale Requirements, 14. Short Term Rentals and Restrictions, 15. Views, 16. Swimming Pool, Security and Safety, 17. Water Shortages and Conservation, 18. 1915 Improvement Bond Mello-Roos Community District, and Other Assessment Districts
C. Off-Site and Neighborhood Conditions (Pages 8-9)	1. Golf Course Disclosures, 2. Neighborhood, Area, Personal Factors, Buyer Intended Use, High Speed Rails, and Smoking Restrictions, 3. Neighborhood Noise Sources, 4. Schools, 5. Underground Pipelines and Utilities
D. Legal Requirements (Federal, State and Local) (Pages 9-11)	1. Death on the Property, 2. Earthquake Fault Zones and Seismic Hazard Zones, 3. EPA's Lead-Based Paint Renovation, Repair and Painting Rule, 4. Fire Hazards, 5. FIRPTA/California Withholding, 6. Flood Hazards 7. Megan's Law Database Disclosure, 8. Property Tax Bill Supplemental Notice; Accurate Sales Price Reporting, 9. Zone Maps May Change
E. Contract Related Issues and Terms (Pages 11-12)	1. Arbitration, 2. Electronic Signatures, 3. Escrow Funds, 4. Home Warranty 5. Identification of Natural Persons Behind Shell Companies in All-Cash Transactions, 6. Liquidated Damages, 7. Mediation, 8. Non-Confidentiality of Offers, 9. Online or Wire Funds Transfers
F. Other Factors Affecting Property (Pages 12-14)	1. Community Enhancement and Private Transfer Fees, 2. General Recall/Defective Product/Class Action Information, 3. Homeowner Associations and Covenants, Conditions and Restrictions ("CC&Rs"); Charging Stations; FHA/VA Approval, 4. Legal Action, 5. Marketing; Internet Advertising; Internet Blogs; Social Media, 6. PACE Loans and Liens, 7. Re-Keying, 8. Solar Panel Leases 9. Recording Devices
G. Local Disclosures and Advisories (Page 14)	As may be attached.

A. Investigation of Physical Conditions

1. EASEMENTS, ACCESS AND ENCROACHMENTS: Buyer and Seller are advised that confirming the exact location of easements, shared or private driveways or roadways, and encroachments on or to the Property may be possible only by conducting a survey. There may be unrecorded easements, access rights, encroachments and other agreements affecting the Property that may not be disclosed by a survey. Representations regarding these items that are made in a Multiple Listing Service or advertisements, or plotted by a title company are often approximations, or based upon inaccurate or incomplete records. Unless otherwise specified by Broker in writing, Brokers have not verified any such matters or any representations made by Seller(s) or others. If Buyer wants further information, Buyer is advised and Broker(s) recommend that Buyer hire a licensed surveyor during Buyer's inspection contingency period. Brokers do not have expertise in this area.

STATEWIDE BUYER AND SELLER ADVISORY (SBSA PAGE 2 OF 14)

Produced with zipForm® by zipLogix 18070 Fifteen Mile Road, Fraser, Michigan 48026 www.zipLogix.com

7 Bay Drive, Bay

2. ENVIRONMENTAL HAZARDS: Buyer and Seller are advised that the presence of certain kinds of organisms, toxins and contaminants, including, but not limited to, mold (airborne, toxic or otherwise), fungi, mildew, lead-based paint and other lead contamination, asbestos, formaldehyde, radon, pcb's, methane, other gases, fuel oil or chemical storage tanks, contaminated soil or water, hazardous waste, waste disposal sites, electromagnetic fields, nuclear sources, urea formaldehyde, or other materials may adversely affect the Property and the health of individuals who live on or work at the property as well as pets. Some municipalities may impose additional requirements regarding underground storage tanks, which may be more common in certain areas and cities throughout the State, especially where there are larger, older homes built before 1935. It is possible that these tanks, either now or in the future, may require inspections or abatement. If Buyer wants further information, Buyer is advised, and Broker(s) recommends, that Buyer have the Property inspected for the existence of such conditions and organisms, and conditions that may lead to their formation. Not all inspectors are licensed and licenses are not available for all types of inspection activities. Buyer is also advised to consult with appropriate experts regarding this topic during Buyer's inspection contingency period. Broker recommends that Buyer and Seller read the booklets titled, "Residential Environmental Hazards: A Guide for Homeowners, Homebuyers, Landlords and Tenants," and "Protect Your Family From Lead In Your Home." Brokers do not have expertise in this area.

3. FORMALDEHYDE: Formaldehyde is a substance known to the State of California to cause cancer. Exposure to formaldehyde may be caused by materials used in the construction of homes. The United States Environmental Protection Agency, the California Air Resources Board, and other agencies have measured the presence of formaldehyde in the indoor air of select homes in California. Levels of formaldehyde that present a significant cancer risk have been measured in most homes that were tested. Formaldehyde is present in the air because it is emitted by a variety of building materials and home products used in construction. The materials include carpeting, pressed wood products, insulation, plastics, and glues. Most homes that have been tested elsewhere do contain formaldehyde, although the concentrations vary from home to home with no obvious explanation for the differences. One of the problems is that many suppliers of building materials and home products do not provide information on chemical ingredients to builders. Buyers may have further questions about these issues. Buyer is advised to consult with appropriate experts regarding this topic during Buyer's inspection contingency period. Broker(s) recommend that Buyer and Seller read the booklet titled "Residential Environmental Hazards: A Guide for Homeowners, Homebuyers, Landlords and Tenants." Brokers do not have expertise in this area.

4. GEOLOGIC HAZARDS: Buyer and Seller are advised that California has experienced earthquakes in the past, and there is always a potential of future earthquakes. Damage caused by an earthquake may not be discoverable by a visual inspection of Buyer(s) or Broker(s). Inspection by a licensed, qualified professional is strongly recommended to determine the structural integrity and safety of all structures and improvements on the Property. If the Property is a condominium, or located in a planned unit development or in a common interest subdivision, Buyer is advised to contact the homeowners association about earthquake repairs and retrofit work and the possibility of an increased or special assessment to defray the costs of earthquake repairs or retrofit work. Buyer is encouraged to obtain and read the booklet entitled, "The Homeowner's Guide to Earthquake Safety." In most cases a questionnaire within the booklet must be completed by Seller and the entire booklet given to the Buyer if the Property was built prior to 1960. If the Property was built before 1975, and contains structures constructed of masonry or precast (tilt up) concrete walls, with wood frame floors or roof, or if the building has unreinforced masonry walls, then Seller must provide Buyer a pamphlet entitled "The Commercial Property Owner's Guide to Earthquake Safety." Many areas have a wide range of geologic problems and numerous studies have been made of these conditions. Some of this information is available for public review at city and county planning departments. Buyer is encouraged to review the public maps and reports and/or obtain a geologist's inspection report. Buyer may be able to obtain earthquake insurance to protect their interest in the Property. Sellers who agree to provide financing should also consider requiring Buyers to obtain such insurance naming Seller(s) as insured lien holder(s). Brokers do not have expertise in this area.

5. INSPECTIONS: Buyer and Seller are advised that Buyer has the right to obtain various inspections of the Property under most residential purchase agreements. Buyer is advised to have the Property inspected by a professional property inspection service within Buyer's inspection contingency period. A licensed building contractor or other professional may perform these services. The inspector generally does not look behind walls or under carpets, or take equipment apart. Certain items on the Property, such as chimneys and spark arresters, plumbing, heating, air conditioning, electrical wiring, pool and spa, septic system, well, roof, foundation and structural items may need to be inspected by another professional, such as a chimney sweep, plumber, electrician, pool and spa service, septic or well company or roofer. A general physical inspection typically will not test for mold, wood destroying pests, lead-based paint, radon, asbestos and other environmental hazards, geologic conditions, age, remaining useful life or water-tightness of roof, cracks, leaks or operational problems associated with a pool or spa or connection of the Property to a sewer system. If Buyer wants further information on any aspect of the Property, Broker recommends that Buyer have a discussion with the professional property inspector and that Buyer hire an appropriate professional for the area of concern to Buyer. Brokers do not verify the results of any such inspection or guarantee the performance of any such inspector or service. Any election by Buyer to waive the right to a physical inspection of the Property or to rely on somebody other than an appropriate professional is against the advice of Brokers. Not all inspectors are licensed and licenses are not available for all types of inspection activities. Brokers do not have expertise in these area.

6. MOLD: Buyer and Seller are advised that the presence of certain kinds of mold, fungi, mildew and other organisms, sometimes referred to as “toxic mold” (collectively “Mold”), may adversely affect the Property and the health of individuals who live on or work at the Property as well as pets. Mold does not affect all people the same way, and may not affect some people at all. Mold may be caused by water leaks or other sources of moisture such as, but not limited to, flooding, and leaks in windows, pipes and roof. Seller is advised to disclose the existence of any such conditions of which he or she is aware. Buyer should carefully review all of Seller’s disclosures for any indication that any of these conditions exist. It is, however, possible that Mold may be hidden and that Seller is completely unaware of its existence. In addition, Mold is often undetectable from a visual inspection, a professional general property inspection and even a structural pest control inspection. Brokers do not have expertise in this area. If Buyer wants further information, Broker recommends that Buyer have the Property tested for Mold by an environmental hygienist or other appropriate professional during Buyer’s inspection contingency period. Not all inspectors are licensed and licenses are not available for all types of inspection activities. Brokers do not have expertise in this area.

7. PETS AND ANIMALS: Buyer and Seller are advised that the current or previous owner(s) may have had domesticated or other pets and animals at the Property. Odors from animal urine or other contamination may be dormant for long periods of time and then become active because of heat, humidity or other factors and might not be eliminated by cleaning or replacing carpets or other cleaning methods. Pet urine and feces can also damage hardwood floors and other floor coverings. Additionally, an animal may have had fleas, ticks and other pests that remain on the Property after the animal has been removed. If Buyer wants further information, Broker(s) recommend that Buyer discuss the issue with an appropriate professional during Buyer’s inspection contingency period. Brokers do not have expertise in this area.

8. SEPTIC SYSTEMS: Buyer and Seller are advised that a property may be served by one or more septic systems even though adjoining properties are connected to a sewer line. Buyer and Seller are also advised that some septic tanks and systems may have been abandoned or have leaked into ground water sources. Buyer is advised to contact the appropriate government agency to verify that the Property is connected to a sewer or served by a septic system. If the Property is served by a septic system, it may consist of a septic tank, cesspool, pits, leach lines or a combination of such mechanisms (“collectively, System”). No representation or warranty is made by Seller or Broker concerning the condition, operability, size, capacity or future expansion of a System, nor whether a System is adequate for use by the intended occupants of the Property. A change in the number of occupants or the quantity, composition or methods of depositing waste may affect the efficiency of the System. In addition, the amount of rainfall and ground water table may also affect the efficiency of the System. Many factors including, but not limited to, natural forces, age, deterioration of materials and the load imposed on a System can cause the System to fail at any time. Broker recommends that Buyer obtain an independent evaluation of any System by a qualified sanitation professional during Buyer’s inspection contingency period. Buyer should consult with their sanitation professional to determine if their report includes the tank only, or other additional components of the System such as pits and leach fields. Not all inspectors are licensed and licenses are not available for all types of inspection activities. In some cases, Buyer’s lender as well as local government agencies may require System inspection. System-related maintenance costs may include, but not be limited to, locating, pumping or providing outlets to ground level. Brokers are unable to advise Buyer or Seller regarding System-related issues or associated costs, which may be significant. If Buyer and Seller agree to obtain a System inspection, Buyer and Seller are cautioned that the inspection cost may include, but not be limited to, the costs of locating, pumping or providing outlets to ground level. Brokers do not have expertise in this area.

9. SOIL AND GEOLOGIC CONDITIONS: Buyer and Seller are advised that real estate in California is subject to settling, slippage, contraction, expansion erosion, subsidence, earthquakes and other land movement. The Property may be constructed on fill or improperly compacted soil and may have inadequate drainage capability. Any of these matters can cause structural problems to improvements on the Property. Civil or geo-technical engineers are best suited to evaluate soil stability, grading, drainage and other soil conditions. Additionally, the Property may contain known or unknown mines, mills, caves or wells. If Buyer wants further information, Broker recommends that Buyer hire an appropriate professional. Not all inspectors are licensed and licenses are not available for all types of inspections. Brokers do not have expertise in this area.

10. SQUARE FOOTAGE, LOT SIZE, BOUNDARIES AND SURVEYS: Buyer and Seller are advised that only an appraiser or land surveyor, as applicable, can reliably confirm square footage, lot size, Property corners and exact boundaries of the Property. Representations regarding these items that are made in a Multiple Listing Service, advertisements, and from property tax assessor records are often approximations, or based upon inaccurate or incomplete records. Fences, hedges, walls or other barriers may not represent actual boundary lines. Unless otherwise specified by Broker in writing, Brokers have not verified any such boundary lines or any representations made by Seller or others concerning square footage, lot size, Property corners or exact boundaries. Standard title insurance does not insure the boundaries of the Property. If the exact square footage or lot size or location of Property corners or boundaries is an important consideration in Buyer’s decision to purchase the Property and/or how much Buyer is willing to pay for the Property, then Buyer must independently conduct Buyer’s own investigation through appropriate professionals, appraisers, or licensed surveyors and rely solely on their data, recognizing that all measurements may not be consistent and that different sources may have different size assessments. Brokers do not have expertise in this area.

11. WATER INTRUSION: Buyer and Seller are advised that many homes suffer from water intrusion or leakage. The causes of water intrusion are varied, and can include defective construction, faulty grading, deterioration of building materials and absence of waterproof barriers. Water intrusion can cause serious damage to the Property. This damage can consist of wood rot, mold, mildew and even damage to the structural integrity of the Property. The cost of repairing and remediating water intrusion damage and its causes can be very significant. The existence and cause of water intrusion is often difficult to detect. Because you, your Broker or a general home inspector cannot visually observe any effects of water intrusion, Buyer and Seller should not assume that such intrusion does not exist. Broker recommends that Buyer have the Property inspected for water intrusion by an appropriate professional. Brokers do not have expertise in this area.

12. WELL AND WATER SYSTEM(S): Buyer and Seller are advised that the Property may be served by one or more water wells, springs, or private community or public water systems. Any of these private or public water systems may contain bacteria, chemicals, minerals and metals, such as chromium. Well(s) may have been abandoned on the Property. Buyer is advised to have both the quality and the quantity of water evaluated, and to obtain an analysis of the quality of any domestic and agricultural water in use, or to be used at the Property, from whatever source. Water quality tests can include not only tests for bacteria, such as coliform, but also tests for organic and inorganic chemicals, metals, mineral content and gross alpha testing for radioactivity. Broker recommends that Buyer consult with a licensed, qualified well and pump company and local government agency to determine whether any well/spring or water system will adequately serve Buyer's intended use and that Buyer have a well consultant perform an extended well output test for this purpose. Water well or spring capacity, quantity output and quality may change at any time. There are no guarantees as to the future water quality, quantity or duration of any well or spring. If Buyer wants further information, Broker(s) recommend that Buyer obtain an inspection of the condition, age, adequacy and performance of all components of the well/spring and any water system during Buyer's inspection contingency period. Brokers do not have expertise in this area.

13. WOOD DESTROYING PESTS: Buyer and Seller are advised that the presence of, or conditions likely to lead to the presence of infestation or infection of wood destroying pests and organisms may adversely affect the Property. Inspection reports covering these items can be separated into two sections: Section 1 identifies areas where infestation or infection is evident. Section 2 identifies areas where there are conditions likely to lead to infestation or infection. If Buyer wants further information, Buyer is advised and Broker recommends that Buyer have the Property inspected for the existence of such conditions and organisms, and conditions that may lead to their formation, by a registered structural pest control company during Buyer's inspection contingency period. Brokers do not have expertise in this area.

B. Property Use and Ownership

1. ACCESSORY DWELLING UNITS: Accessory Dwelling Units (ADUs) are known by many names: granny flats, in-law units, backyard cottages, secondary units and more. California has passed laws to promote the development of ADUs. Additional information about ADUs can be found at <http://hcd.ca.gov/policy-research/AccessoryDwellingUnits.shtml>. Buyer is advised to check with appropriate government agencies or third party professionals to verify permits and legal requirements and the effect of such requirements on current and future use and rentability of the Property, its development and size. Brokers do not have expertise in this area.

2. BUILDING PERMITS, ZONING AND CODE COMPLIANCE: Buyer and Seller are advised that any structure on the Property, including the original structure and any addition, modification, remodel or improvement may have been built without permits, not according to building codes, or in violation of zoning laws. Further, even if such structure was built according to the then-existing code or zoning requirement, it may not be in compliance with current building standards or local zoning. It is also possible that local law may not permit structures that now exist to be rebuilt in the event of damage or destruction. Certain governmental agencies may require periodic inspections to occur in the future. If Buyer wants further information, Broker(s) recommend that Buyer discuss the issue with an appropriate professional during Buyer's inspection contingency period. Brokers do not have expertise in this area.

3. BUYER INTENDED FUTURE USE OF, AND MODIFICATIONS TO, THE PROPERTY: Buyer and Seller are advised that Seller's existing use of the property may not be consistent with Buyer's intended use or any future use that Buyer makes of the property, whether or not Buyer has any current plans to change the use. Buyer is advised to check with appropriate government agencies or third party professionals to verify what legal requirements are needed to accommodate any change in use. In addition, neither Seller nor Broker make any representations as to what modifications Buyer can make to the Property after close of escrow as well as any cost factors associated with any such modifications. Buyer is advised to check with his own licensed contractor and other such professionals as well as with the appropriate government agencies to determine what modifications Buyer will be allowed to make after close of escrow. Brokers do not have expertise in this area.

4. CALIFORNIA FAIR PLAN: Buyer and Seller are advised that insurance for certain hillside, oceanfront and brush properties may be available only from the California Fair Plan. This may increase the cost of insurance for such properties and coverage may be limited. Broker(s) recommend that Buyer consult with Buyer's own insurance agent during Buyer's inspection contingency period regarding the availability of coverage under the California Fair Plan and the length of time it may take for processing of a California Fair Plan application. Brokers do not have expertise in this area.

5. FUTURE REPAIRS, REPLACEMENTS AND REMODELS: Buyer and Seller are advised that replacement or repairs of certain systems or rebuilding or remodeling of all or a portion of the Property may trigger requirements that homeowners comply with laws and regulations that either come into effect after Close of Escrow or are not required to be complied with until the replacement, repair, rebuild or remodel has occurred. Permit or code requirements or building standards may change after Close of Escrow, resulting in increasing costs to repair existing features. If Buyer wants further information, Broker recommends that Buyer discuss the issue with an appropriate professional during Buyer's inspection contingency period. Brokers do not have expertise in this area.

6. HEATING VENTILATING AND AIR CONDITIONING SYSTEMS: Changes to state and federal energy efficiency regulations impact the installation, replacement and some repairs of heating and air conditioning units (HVAC). Federal regulations now require manufacturers of HVAC units to produce only units meeting a new higher Seasonal Energy Efficiency Rating (SEER). This will likely impact repairs and replacements of existing HVAC units. State regulations now require that when installing or replacing HVAC units, with some exceptions, duct work must be tested for leaks. Duct work leaking more than 15 percent must be repaired to reduce leaks. The average existing duct work typically leaks 30 percent. More information is available at the California Energy Commission's website <http://www.energy.ca.gov/title24/changeout>. Home warranty policies may not cover such inspections or repairs. The phase out of the use of R-22 Freon will have an impact on repairs and replacement of existing air conditioning units and heat pumps. More information is available from the Environmental Protection Agency at <http://www.epa.gov/ozone/title6/phaseout/22phaseout.html>. New efficiency standards are also in place for water heaters. As a consequence, replacement water heaters will generally be larger than existing units and may not fit in the existing space. Additional venting and other modifications may be required as well. More information is available from the U.S. Department of Energy at http://www1.eere.energy.gov/buildings/appliance_standards/product.aspx/productid/27. If Buyer wants further information, Broker recommends that Buyer discuss the issue with an appropriate professional during Buyer's inspection contingency period. Brokers do not have expertise in this area.

7. HISTORICAL DESIGNATION, COASTAL COMMISSION, ARCHITECTURAL, LANDSCAPE, AGRICULTURAL OR OPEN SPACE AND OTHER RESTRICTIONS ON BUILDINGS OR IMPROVEMENTS: Buyer and Seller are advised that the Property may be: **(i)** designated as a historical landmark, **(ii)** protected by a historical conservancy, **(iii)** subject to an architectural or landscaping review process, **(iv)** within the jurisdiction of the California Coastal Commission or other government agency, or **(v)** subject to a contract preserving use of all or part of the Property for agriculture or open space. If the Property is so designated or within the jurisdiction of any such, or similar, government agency, then there may be restrictions or requirements regarding Buyer's ability to develop, remove or trim trees or other landscaping, remodel, make improvements to and build on or rebuild the Property. Broker(s) recommend that Buyer satisfy him/herself during Buyer's inspection contingency period if any of these issues are of concern to Buyer. Brokers do not have expertise in this area.

8. INSURANCE, TITLE INSURANCE AND TITLE INSURANCE AFTER FORECLOSURE: Buyer and Seller are advised that Buyer may have difficulty obtaining insurance regarding the Property if there has been a prior insurance claim affecting the Property or made by Buyer but unrelated to the Property. Seller is required by C.A.R. Form RPA to disclose known insurance claims made during the past five years (C.A.R. Form SPQ or ESD). Sellers may not be aware of claims prior to their ownership. If Buyer wants further information, Broker(s) recommend that, during Buyer's inspection contingency period, Buyer conduct his or her own investigation for past claims. Buyer may need to obtain Seller's consent in order to have access to certain investigation reports. If the Property is a condominium, or is located in a planned unit development or other common interest subdivision, Buyer and Seller are advised to determine if the individual unit is covered by the Homeowner's Association Insurance and the type of insurance coverage that Buyer may purchase. Broker(s) recommend that Buyer consult Buyer's insurance agents during Buyer's inspection contingency period to determine the need, availability and possibility of securing any and all forms of other insurance or coverage or any conditions imposed by insurer as a requirement of issuing insurance. If Buyer does any repairs to the property during the escrow period or Buyer takes possession prior to Close of Escrow or Seller remains in possession after Close of Escrow, whether for a limited or extended period of time, Broker(s) recommend that Buyer and Seller each consult with their own insurance agent regarding insurance or coverage that could protect them in the transaction (including but not limited to: personal property, flood, earthquake, umbrella and renter's). Buyer and Seller are advised that traditional title insurance generally protects Buyer's title acquired through the sale of the property. While all title insurance policies, as do all insurance policies, contain some exclusions, some title insurance policies contain exclusions for any liability arising from a previous foreclosure. This can occur when a short sale has occurred but the lender mistakenly has also proceeded with a foreclosure. Buyer is strongly advised to consult with a title insurer to satisfy themselves that the policy to be provided adequately protects their title to the property against other possible claimants. Brokers do not have expertise in this area.

9. LAND LEASE: Buyer and Seller are advised that certain developments are built on leased land. This means that: **(i)** Buyer does not own the land, **(ii)** the right to occupy the land will terminate at some point in time, **(iii)** the cost to lease the land may increase at some point in the future, and **(iv)** Buyer may not be able to obtain title insurance or may have to obtain a different type of title insurance. If Buyer wants further information, Broker recommends that Buyer discuss the issue with an attorney or other appropriate professional. Brokers do not have expertise in this area.

10. MARIJUANA, CANNABIS, AND METHAMPHETAMINE LABS: Buyer and Seller are advised that California law permits individual patients to cultivate, possess and use marijuana for medical purposes. Furthermore, California law permits primary caregivers, lawfully organized cooperatives, and collectives to cultivate, distribute and possess marijuana for medicinal purposes. California law also allows recreational use of marijuana for adults, as well as limited rights for individuals to grow and cultivate marijuana, and rights of others, subject to a licensing process, to grow, cultivate and distribute marijuana for recreational use. California's medical and recreational marijuana laws are in direct conflict with federal law which recognizes no lawful use for marijuana and has no exemptions for medical use. Federal criminal penalties, some of which mandate prison time, remain in effect for the possession, cultivation and distribution of marijuana. Buyer and Seller are strongly advised to seek legal counsel as to the legal risks and issues surrounding owning or purchasing a property where medical or any other marijuana activity is taking place. Marijuana storage, cultivation and processing carry the risk of causing mold, fungus or moisture damage to a property, additionally, some properties where marijuana has been cultivated have had alterations to the structure or the electrical system which may not have been done to code or with permits and may affect the safety of the structure or the safe operation of the electrical system. Buyer is strongly advised to retain an environmental hygienist contractor and other appropriate professionals to inspect a property where medical or any other marijuana activity has taken place. Broker recommends that Buyer and Seller involved with a property where there is medical marijuana activity or where it may take place review the California Attorney General's Guidelines for the "Security and Non-Diversion of Marijuana Grown for Medical Use" (https://oag.ca.gov/system/files/attachments/press_releases/n1601_medicalmarijuanaguidelines.pdf) and the U.S. Department of Justice memo regarding marijuana prosecutions at <https://www.justice.gov/opa/press-release/file/1022196/download>. Brokers do not have expertise in this area. While no state law permits the private production of methamphetamine, some properties have been the site of an illegal methamphetamine laboratory. State law imposes an obligation to notify occupants, a ban on occupying the property and clean up requirements when authorities identify a property as being contaminated by methamphetamine. Buyer is advised that a property where methamphetamine has been produced may pose a very serious health risk to occupants. Buyer is strongly advised to retain an environmental hygienist contractor or other appropriate professionals to inspect the property if methamphetamine production is suspected to have taken place. Brokers do not have expertise in this area.

11. OWNER'S TITLE INSURANCE: The Truth in Lending/RESPA integrated disclosure (TRID) established by the Consumer Financial Protection Bureau (CFPB) requires that lenders must tell borrowers that title insurance is "optional." While obtaining an owner's policy of title insurance may be "optional", it may be a contractual requirement as between Buyer and Seller. Furthermore, California Civil Code § 1057.6 requires that Buyers be provided with the following notice: "IMPORTANT: IN A PURCHASE OR EXCHANGE OF REAL PROPERTY, IT MAY BE ADVISABLE TO OBTAIN TITLE INSURANCE IN CONNECTION WITH THE CLOSE OF ESCROW SINCE THERE MAY BE PRIOR RECORDED LIENS AND ENCUMBRANCES WHICH AFFECT YOUR INTEREST IN THE PROPERTY BEING ACQUIRED. A NEW POLICY OF TITLE INSURANCE SHOULD BE OBTAINED IN ORDER TO ENSURE YOUR INTEREST IN THE PROPERTY THAT YOU ARE ACQUIRING."

Additionally, even the CFPB on its "ask CFPB" "What is owner's title insurance?" page advises "You may want to buy an owner's title insurance policy, which can help protect your financial interest in the home." Moreover, not obtaining an owner's policy may increase the cost of the lender's policy (required by most lenders), possibly require the separate purchase of a preliminary title report, and may have an impact on the sale of the Property in the future.

Buyers who decide to opt out of obtaining an owner's title insurance policy are acting against the advice of Brokers as well as the advice provided in the California Civil Code 1057.6 and by the CFPB. Brokers do not have expertise in this area.

12. RENT AND EVICTION CONTROL LAWS AND ORDINANCES: Buyer and Seller are advised that some cities and counties impose or may impose restrictions that limit the rent that can be charged to a tenant, the maximum number of tenants who can occupy the property, the right of a landlord to terminate a tenancy and the costs to do so. If Buyer wants further information, Broker(s) recommend that Buyer investigate the issue with an appropriate government authority or HOA during Buyer's inspection contingency period. Brokers do not have expertise in this area.

13. RETROFIT, BUILDING REQUIREMENTS, AND POINT OF SALE REQUIREMENTS: Buyer and Seller are advised that state and local Law may require (i) the installation of operable smoke detectors, (ii) bracing or strapping of water heaters, and (iii) upon sale completion of a corresponding written statement of compliance that is delivered to Buyer. Although not a point of sale or retrofit obligation, state law may require the property to have operable carbon monoxide detection devices. Additionally, some city and county governments may impose additional retrofit standards at time of sale including, but not limited to, installing or retrofitting low-flow toilets and showerheads, gas shut-off valves, fireplaces, and tempered glass. Further, there may be potential health impacts from air pollution caused from burning wood. Exposure to particulate matter from the smoke may cause short-term and long-term health effects. Buyers should consult with licensed professional to inspect, properly maintain, and operate a wood burning stove or fireplace. Broker(s) recommend that Buyer and Seller consult with the appropriate government agencies, inspectors, and other professionals to determine the retrofit standards for the Property, the extent to which the Property complies with such standards, and the costs, if any, of compliance. Brokers do not have expertise in this area.

14. SHORT TERM RENTALS AND RESTRICTIONS: Buyer and Seller are advised that some cities, counties and Homeowner Associations (HOAs) do impose or may impose restrictions that limit or prohibit the right of the owner or occupant to rent-out the Property for short periods of time (usually 30 Days or less). In short term rentals, as well as all rentals, Buyer and Seller are advised to seek assistance to ensure compliance with all fair housing laws and regulations. If Buyer wants further information, Broker(s) recommend that Buyer investigate the issue with an appropriate government authority or HOA during Buyer's inspection contingency period. Brokers do not have expertise in this area.

15. VIEWS: Buyer and Seller are advised that present views from the Property may be affected by future development or growth of trees and vegetation on adjacent properties and any other property within the line of sight of the Property. Brokers make no representation regarding the preservation of existing views. If Buyer wants further information, Broker(s) recommend that Buyer review covenants, conditions and restrictions, if any, and contact neighboring property owners, government agencies and homeowner associations, if any, during Buyer's inspection contingency period. Brokers do not have expertise in this area.

16. SWIMMING POOL, SECURITY AND SAFETY: Buyer and Seller are advised that state and local Law may require the installation of barriers, anti-entrapment grates, access alarms, self-latching mechanisms, pool covers, exit alarms and/or other measures to decrease the risk to children and other persons of existing swimming pools and hot tubs, as well as various fire safety and other measures concerning other features of the Property. Compliance requirements differ from city to city and county to county. Unless specifically agreed, the Property may not be in compliance with these requirements. If Buyer wants further information, Broker(s) recommend that Buyer contact local government agencies about these restrictions and other requirements. State law requires that new pools and spas be equipped with at least two of seven specified drowning prevention safety features. Home inspectors have a statutory obligation to perform a non-invasive physical examination of the pool area to identify which safety features are present. Brokers do not have expertise in this area.

17. WATER SHORTAGES AND CONSERVATION: Buyer and Seller are advised that the Property may be located in an area that could experience water shortages. The policies of local water districts and the city or county in which the Property is located can result in the occurrence of any or all of the following: (i) limitations on the amount of water available to the Property, (ii) restrictions on the use of water, and (iii) an increasingly graduated cost per unit of water use, including, but not limited to, penalties for excess usage. For further information, Broker recommends that Buyer contact the supplier of water to the Property regarding the supplier's current or anticipated policies on water usage and to determine the extent to which those policies may affect Buyer's intended use of the Property. If the Property is serviced by a private well, Buyer is advised that drought conditions and/or a low water table may make it necessary to arrange, through a private supplier, for delivery of water to the Property. Buyers should contact water truck companies for the costs involved. Brokers do not have expertise in this area.

18. 1915 IMPROVEMENT BOND MELLO-ROOS COMMUNITY DISTRICT, AND OTHER ASSESSMENT DISTRICTS: Buyer and Seller are advised that the Property may be subject to an improvement bond assessment under the Improvement Bond Act of 1915, a levy of a special tax pursuant to a Mello-Roos Community Facilities district, and/or a contractual assessment as provided in Section 5898.24 of the Streets And Highways Code or other assessment districts. Seller is generally required to make a good faith effort to obtain a disclosure notice from any local agency collecting such taxes and deliver such notice to Buyers. If there is a question as to whether an existing bond or assessment will be prorated as of the close of escrow, or whether Seller will pay off the bond or assessment at close of escrow, Buyers are advised to discuss the matter with the appropriate entity and address the responsibility for payment in negotiations for the purchase agreement or amendment prior to removing contingencies. Some cities and other localities have begun, or have the intention to begin, the process of requiring the replacement of utility poles by requiring that utility lines be buried underground. These projects can result in special tax assessments and set-up costs that are imposed on individual property owners. Brokers do not have expertise in this area.

C. Off-Site and Neighborhood Conditions

1. GOLF COURSE DISCLOSURES: Buyer and Seller are advised that if the Property is located adjacent to or near a golf course the following may apply: (i) Stray golf balls – Any residence near a golf course may be affected by errant golf balls, resulting in personal injury or destruction to property. Golfers may attempt to trespass on adjacent property to retrieve golf balls even though the project restrictions may expressly prohibit such retrieval. (ii) Noise and lighting – The noise of lawn mowers irrigation systems and utility vehicles may create disturbances to homeowners. Maintenance operations may occur in the early morning hours. Residents living near the clubhouse may be affected by extra lighting, noise, and traffic. (iii) Pesticides and fertilizer use – A golf course may be heavily fertilized, as well as subjected to other chemicals during certain periods of the year. (iv) Irrigation system – Golf course sprinkler systems may cause water overspray upon adjacent property and structures. Also the irrigation system of a golf course may use reclaimed and retreated wastewater. (v) Golf carts - Certain lots may be affected more than others by the use of golf carts. Lots adjacent to a tee or putting green may be subject to noise disturbances and loss of privacy. (vi) Access to golf course from residences - It is likely that most residences will not have direct access from their lots to the golf course. The project restrictions may disclaim any right of access or other easements from a resident's lot onto the golf course. (vii) View obstruction – Residents living near a golf course may have their views over the golf course impacted by maturing trees and landscaping or by changes to the course's configuration. (viii) Water restrictions – As some municipalities face water shortages, the continued availability of water to the

SBSA REVISED 6/18 (PAGE 8 OF 14)

STATEWIDE BUYER AND SELLER ADVISORY (SBSA PAGE 8 OF 14)

7 Bay Drive, Bay

EQUAL HOUSING
OPPORTUNITY

golf course may be restricted or otherwise reduced by the local water agency. If Buyer wants further information, Broker(s) recommend that Buyer contact the local water agency regarding this matter. Brokers do not have expertise in this area.

2. NEIGHBORHOOD, AREA, PERSONAL FACTORS, BUYER INTENDED USE, HIGH SPEED RAILS, AND SMOKING RESTRICTIONS: Buyer and Seller are advised that the following may affect the Property or Buyer's intended use of it: neighborhood or area conditions, including schools, proximity and adequacy of law enforcement, crime, fire protection, other government services, availability, adequacy and cost of any speed-wired, wireless internet connections or other telecommunications or other technology services and installations, proximity to medical marijuana growing or distribution locations, cell phone towers, manufacturing, commercial, industrial, airport or agricultural activities or military ordnance locations, existing and proposed transportation, construction, and development, any other source that may affect noise, view, traffic, or odor, wild and domestic animals, susceptibility to tsunami and adequacy of tsunami warnings, other nuisances, hazards, or circumstances, protected species, wetland properties, botanical diseases, historic or other governmentally-protected sites or improvements, cemeteries, conditions and influences of significance to certain cultures and/or religions, and personal needs, requirements and preferences of Buyer and FAA requirements for recreational and non-recreational use of Unmanned Aircraft Systems (UAS) (drones) (see UAS frequently asked questions <http://www.faa.gov/uas/faqs/>). California is potentially moving toward high speed rail service between Northern and Southern California. This rail line could have an impact on the Property if it is located nearby. More information on the timing of the project and routes is available from the California High-Speed Rail Authority at www.cahighspeedrail.ca.gov/. The State of California has long-standing no smoking laws in place restricting smoking in most business and some public spaces. Local jurisdictions may enact laws that are more restrictive than state law. Many California cities have enacted restrictions on smoking in parks, public sidewalks, beaches and shopping areas. Some jurisdictions have restrictions entirely banning smoking inside privately owned apartments and condominiums as well as in the common areas of such structures, or limiting smoking to certain designated areas. If Buyer wants further information, Broker(s) recommend that Buyer contact local government agencies about these restrictions. Brokers do not have expertise in this area.

3. NEIGHBORHOOD NOISE SOURCES: Buyer and Seller are advised that even if the Property is not in an identified airport noise influence area, the Property may still be subject to noise and air disturbances resulting from airplanes and other aircraft, commercial or military or both, flying overhead. Other common sources of noise include nearby commercial districts, schools, traffic on streets, highways and freeways, trains and general neighborhood noise from people, dogs and other animals. Noise levels and types of noise that bother one person may be acceptable to others. Buyer is advised to satisfy him/herself with regard to any sources of and amounts of noise at different times of day and night. Brokers do not have expertise in this area.

4. SCHOOLS: Buyer and Seller are advised that children living in the Property may not, for numerous reasons, be permitted to attend the school nearest the Property. Various factors including, but not limited to, open enrollment policies, busing, overcrowding and class size reductions may affect which public school serves the Property. School district boundaries are subject to change. Buyer is advised to verify whether the Property is now, and at the Close of Escrow will be, in the school district Buyer understands it to be in and whether residing in the Property entitles a person to attend any specific school in which that Buyer is interested. Broker(s) recommend that Buyer contact the local school or school district for additional information during Buyer's inspection contingency period. Brokers do not have expertise in this area.

5. UNDERGROUND PIPELINES AND UTILITIES: Throughout California underground pipelines transport natural gas, liquid fuel and other potentially hazardous materials. These pipelines may or may not provide utility services to the Property. Information about the location of some of the pipelines may be available from a company that also provides disclosures of natural and other hazards or from other sources of public maps or records. Proximity to underground pipelines, in and of itself, does not affirmatively establish the risk or safety of the property. If Buyer wants further information about these underground pipelines and utilities, Buyer is advised to consult with appropriate experts during Buyer's inspection contingency period. Brokers do not have expertise in this area.

D. Legal Requirements (Federal, State and Local)

1. DEATH ON THE PROPERTY: California Civil Code Section 1710.2 protects a seller from: (i) failing to disclose a death on the property that occurred more than 3 years before a buyer has made an offer on a property; and (ii) failing to disclose if an occupant of a property was afflicted with HIV/AIDS, regardless of whether a death occurred or if so, when. Section 1710.2 does not protect a seller from making a misrepresentation in response to a direct inquiry. If the Buyer has any concerns about whether a death occurred on the Property or the manner, location, details or timing of a death, the buyer should direct any specific questions to the Seller in writing. Brokers do not have expertise in this area.

2. EARTHQUAKE FAULT ZONES AND SEISMIC HAZARD ZONES: Buyer and Seller are advised that California Public Resources Code Sections 2622 and 2696 require the delineation and mapping of "Earthquake Fault Zones" along known active faults and "Seismic Hazard Zones" in California. Affected cities and counties must regulate certain development projects within these zones. Construction or development on affected properties may be subject to the findings of a geological report prepared by a registered California geologist. Generally, Seller must disclose if the Property is in such a zone and can use a research company to aid in the process. If Buyer wants further information, Broker recommends that,

during Buyer's inspection contingency period, Buyer make independent inquiries with such research companies or with appropriate government agencies concerning the use and improvement of the Property. Buyer is advised that there is a potential for earthquakes and seismic hazards even outside designated zones. Brokers do not have expertise in this area.

3. EPA's LEAD-BASED PAINT RENOVATION, REPAIR AND PAINTING RULE: The new rule requires that contractors and maintenance professionals working in pre-1978 housing, child care facilities, and schools with lead-based paint be certified; that their employees be trained; and that they follow protective work practice standards. The rule applies to renovation, repair, or painting activities affecting more than six square feet of lead-based paint in a room or more than 20 square feet of lead-based paint on the exterior. Enforcement of the rule begins October 1, 2010. See the EPA website at <http://www.epa.gov/lead> for more information. Buyer and Seller are advised to consult an appropriate professional. Brokers do not have expertise in this area.

4. FIRE HAZARDS: Buyer and Seller are advised that fires annually cause the destruction of thousands of homes. Due to varied climate and topography, certain areas have higher risks of fires than others. Certain types of materials used in home construction create a greater risk of fire than others. If the Property is located within a State Fire Responsibility Area or a Very High Fire Hazard Zone, generally Seller must disclose that fact to Buyer under California Public Resources Code Section 4136 and California Government Code Sections 51178 and 51183.5, and may use a research company to aid in the process. Owners of property may be assessed a fire prevention fee on each structure on each parcel in such zones. The fee may be adjusted annually commencing July 1, 2013. If Buyer wants further information, Broker recommends that, during Buyer's inspection contingency period, Buyer contact the local fire department and Buyer's insurance agent regarding the risk of fire. Buyer is advised that there is a potential for fires even outside designated zones. Brokers do not have expertise in this area.

5. FIRPTA/CALIFORNIA WITHHOLDING: Buyer and Seller are advised that: **(i)** Internal Revenue Code Section 1445, as of February 17, 2016, requires a Buyer to withhold and to remit to the Internal Revenue Service 15% of the purchase price of the property if the Seller is a non-resident alien, unless an express exemption applies. Only 10% needs to be withheld if the Buyer acquires the property as Buyer's residence and the price does not exceed \$1,000,000. Seller may avoid withholding by providing Buyer a statement of non-foreign status. The statement must be signed by Seller under penalty of perjury and must include Seller's tax identification number. Buyer can also avoid having to withhold Federal taxes from Seller's Proceeds if the property price is \$300,000 or less, and the Buyer signs an affidavit stating Buyer intends to occupy the property as a principal residence. **(ii)** California Revenue and Taxation Code Section 18662 requires that a Buyer withhold and remit to the California Franchise Tax Board 3 1/3% of the purchase price of the property unless the Seller signs an affidavit that the property was the Seller's (or the decedent's, if a trust or probate sale) principal residence or that the sales price is \$100,000 or less or another express exemption applies. Exemptions from withholding also apply to legal entities such as corporations, LLCs, and partnerships. Brokers cannot give tax or legal advice. Broker recommends that Buyer and Seller seek advice from a CPA, attorney or taxing authority. Brokers do not have expertise in this area.

6. FLOOD HAZARDS: Buyer and Seller are advised that if the Property is located within a Special Flood Hazard Area, as designated by the Federal Emergency Management Agency (FEMA), or an area of Potential Flooding pursuant to California Government Code Section 8589.3, generally Seller must disclose this fact to Buyer and may use a research company to aid in the process. The National Flood Insurance Program was established to identify all flood plain areas and establish flood-risk zones within those areas. The program mandates flood insurance for properties within high-risk zones if loans are obtained from a federally-regulated financial institution or are insured by any agency of the United States Government. The extent of coverage and costs may vary. If Buyer wants further information, Broker(s) recommend that Buyer consult his or her lender and/or insurance agent during Buyer's inspection contingency period. Buyer is advised that there is a potential for flooding even outside designated zones. Brokers do not have expertise in this area.

7. MEGAN'S LAW DATABASE DISCLOSURE: Notice: Pursuant to Section 290.46 of the Penal Code, information about specific registered sex offenders is made available to the public via an Internet Web site maintained by the Department of Justice at <http://www.meganslaw.ca.gov/>. Depending on an offender's criminal history, this information will include either the address at which the offender resides or the community of residence and ZIP Code in which he or she resides. (Neither Seller nor Brokers, in any, are required to check this website. If Buyer wants further information, Buyer should obtain information directly from this website.) Brokers do not have expertise in this area.

8. NOTICE OF YOUR SUPPLEMENTAL PROPERTY TAX BILL; ACCURATE SALES PRICE REPORTING: Buyer and Seller are advised that pursuant to Civil Code § 1102.6(c), Seller, or his or her agent, is required to provide the following notice to the Buyer:

"California property tax law requires the Assessor to revalue real property at the time the ownership of property changes. Because of this law, you may receive one or two supplemental tax bills, depending on when your loan closes.

The supplemental tax bills are not mailed to your lender. Even if you have arranged for your property tax payments to be paid through an impound account, the supplemental tax bills will not be paid by your lender. It is your responsibility to pay these supplemental bills directly to the Tax Collector. If you have any questions concerning this matter, please call your Tax Collector's Office."

Although the notice refers to loan closing as a trigger, it is actually the change of ownership which triggers this reassessment of property taxes. Therefore, the Property can be reassessed even if there is no loan involved in the purchase of the Property. The Purchase Agreement may allocate supplemental tax bills received after the Close of Escrow to the Buyer. A change (preliminary change) of ownership form is generally required to be filed by the Buyer with the local taxing agency. The form identifies the sales price of the Property. An assessor may value the Property at its fair market value regardless of the sales price declared by the Buyer. If Buyer wants further information concerning these matters, Broker(s) recommend that Buyer discuss the issue with the County Assessor or Tax Collector or their own tax or legal advisor. Brokers do not have expertise in this area.

9. ZONE MAPS MAY CHANGE: Maps that designate, among other things, Earthquake Fault Zones, Seismic Hazard Zones, State Fire Responsibility Areas, Very High Fire Hazard Zones, Special Flood Hazard Areas, and Potential Flooding Areas are occasionally redrawn by the applicable Government Agency. Properties that are currently designated in a specified zone or area could be removed and properties that are not now designated in a specified zone or area could be placed in one or more such zones or areas in the future. A property owner may dispute a FEMA flood hazard location by submitting an application to FEMA. Brokers do not have expertise in this area.

E. Contract Related Issues and Terms

1. ARBITRATION: Buyer and Seller are advised that arbitration is a process by which the disputing parties hire a neutral person to render a binding decision. Generally, arbitration is faster and less expensive than resolving disputes by litigating in court. The rules are usually less formal than in court, and it is a private process not a matter of public record. By agreeing to arbitration, the parties give up the right to a jury trial and to appeal the arbitrator's decision. Arbitration decisions have been upheld even when arbitrators have made a mistake as to the law or the facts. If the parties agree to arbitration, then after first attempting to settle the dispute through mediation, any dispute arising out of their agreement (with a few limited exceptions) must be submitted to binding arbitration. Buyer and Seller must weigh the benefits of a potentially quicker and less expensive arbitration against giving up the right to a jury trial and the right to appeal. Brokers cannot give legal advice regarding these matters. Buyers and Sellers must decide on their own, or with the advice of legal counsel, whether to agree to arbitration. Brokers do not have expertise in this area.

2. ELECTRONIC SIGNATURES: The ability to use electronic signatures to sign legal documents is a great convenience, facilitating the ability to send and receive documents and reach agreement in a real estate transaction. However, Buyers and Sellers are cautioned to carefully read each provision. Arrows indicating "sign here" are merely there for the convenience of finding the next signature line. Only sign if you have taken the time necessary to read each document thoroughly, have full knowledge, and consent to the terms provided in the document. Brokers strongly advise Buyers and Sellers to read the entire document before signing even if they have reviewed an earlier draft. Do not just scroll through or skip to the next signature line. You are signing a legally binding agreement. Read it carefully. Ask your Broker, Agent or legal advisor if you have questions or do not understand a provision, and sign only if you agree to be bound by the terms. Brokers do not have expertise in this area.

3. ESCROW FUNDS: Buyer and Seller are advised that California Insurance Code Section 12413.1 provides that escrow companies cannot disburse funds unless there are sufficient "good funds" to cover the disbursement. "Good funds" are defined as cash, wire transfers and cashiers' or certified checks drawn on California depositories. Escrow companies vary in their own definitions of "good funds." Broker(s) recommend that Buyer and Seller ask the escrow company regarding its treatment of "good funds." All samples and out-of-state checks are subject to waiting periods and do not constitute "good funds" until the money is physically transferred to and received by the escrow holder. Brokers do not have expertise in this area.

4. HOME WARRANTY: Buyer and Seller are advised that Buyer and Seller can purchase home warranty plans covering certain standard systems of the Property both before and after Close of Escrow. Seller can obtain coverage for the Property during the listing period. For an additional premium, an upgraded policy providing additional coverage for air conditioning, pool and spa and other features can be purchased. Home warranties do not cover every aspect of the Property and may not cover inspections or upgrades for repairs required by state or federal laws or pre-existing conditions. Broker(s) recommend that Buyer review the policy for details. Brokers do not have expertise in this area.

5. IDENTIFICATION OF NATURAL PERSONS BEHIND SHELL COMPANIES IN ALL-CASH TRANSACTIONS: The U.S. Treasury Department's Financial Crimes Enforcement Network (FinCEN) has issued Geographic Targeting Orders (GTOs) targeting alleged money laundering risk in the real estate sector. The GTOs will temporarily require U.S. title insurance companies to identify the natural persons behind shell companies used to pay "all cash" for high-end residential real estate in certain major metropolitan areas. FinCEN explained that it remains concerned that all-cash purchases (i.e., those without bank financing) may be conducted by individuals attempting to hide their assets and identity by purchasing residential properties through limited liability companies or other similar structures. Since the original issuance, the GTOs have been renewed and may continue to be renewed. The GTOs cover the following areas in California: Los Angeles, San Francisco, San Mateo, Santa Clara and San Diego Counties. The monetary thresholds for each county is \$300,000. GTOs have helped law enforcement identify possible illicit activity. FinCEN reported that a significant portion of covered transactions have dictated possible criminal activity associated with the individuals reported to be the beneficial owners behind shell company purchasers. Brokers do not have expertise in this area.

GTOs have helped law enforcement identify possible illicit activity. FinCEN reported that a significant portion of covered transactions have dictated possible criminal activity associated with the individuals reported to be the beneficial owners behind shell company purchasers. Brokers do not have expertise in this area.

6. LIQUIDATED DAMAGES: Buyer and Seller are advised that a liquidated damages clause is a provision Buyer and Seller can use to agree in advance to the amount of damages that a seller will receive if a buyer breaches the Agreement. The clause usually provides that a seller will retain a buyer's initial deposit paid if a buyer breaches the agreement, and generally must be separately initialed by both parties and meet other statutory requirements to be enforceable. For any additional deposits to be covered by the liquidated damages clause, there generally must be another separately signed or initialed agreement (see C.A.R. Form RID). However, if the Property contains from 1 to 4 units, one of which a buyer intends to occupy, California Civil Code Section 1675 limits the amount of the deposit subject to liquidated damages to 3% of the purchase price. Even though both parties have agreed to a liquidated damages clause, an escrow company will usually require either a judge's or arbitrator's decision or instructions signed by both parties in order to release a buyer's deposit to a seller. Buyers and Sellers must decide on their own, or with the advice of legal counsel, whether to agree to a liquidated damages clause. Brokers do not have expertise in this area.

7. MEDIATION: Buyer and Seller are advised that mediation is a process by which the parties hire a neutral person to facilitate discussion and negotiation between the parties with the goal of helping them reach a settlement of their dispute. The parties generally share in the cost of this confidential, non-binding negotiation. If no agreement is reached, either party can pursue further legal action. Under C.A.R. Form RPA-CA: **(i)** the parties must mediate any dispute arising out of their agreement (with a few limited exceptions, such as matters within the jurisdiction of a small claims court) before they resort to arbitration or court, and **(ii)** if a party proceeds to arbitration or court without having first attempted to mediate the dispute, that party risks losing the right to recover attorney fees and costs even if he or she prevails. Brokers do not have expertise in this area.

8. NON CONFIDENTIALITY OF OFFERS: Buyer is advised that Seller or Listing Agent may disclose the existence, terms, or conditions of Buyer's offer, unless all parties and their agent have signed a written confidentiality agreement (such as C.A.R. Form CND). Whether any such information is actually disclosed depends on many factors, such as current market conditions, the prevailing practice in the real estate community, the Listing Agent's marketing strategy and the instructions of the Seller. Brokers do not have expertise in this area.

9. ONLINE OR WIRE FUNDS TRANSFERS: Instructions for the online or wire transfer of escrow deposits have been known to be intercepted by hackers who alter them so that Buyer's funds are actually wired to accounts controlled by criminals rather than the escrow company. Buyers should exercise extreme caution in making electronic funds transfers, verifying that the organization they are transferring funds to is, in fact, the escrow company and that their own bank account information is not being exposed. See C.A.R. Form WFA for further information. Brokers do not have expertise in this area.

F. Other Factors Affecting Property

1. COMMUNITY ENHANCEMENT AND PRIVATE TRANSFER FEES: Buyer and Seller are advised that some areas or communities may have enhancement fees or user-type fees, or private transfer taxes and fees, over and above any stated fees. The Federal Housing Finance Agency has issued a rule that prohibits Fannie Mae and Freddie Mac from purchasing loans made on properties with private transfer fees if those fees were established on or after February 8, 2011. See title 12 Code of Federal Regulations Section 1228 for more information and exceptions. Private transfer fees: **(i)** may last for a fixed period of time or in perpetuity, **(ii)** are typically calculated as a percentage of the sales price, and **(iii)** may have private parties, charitable organizations or interest-based groups as their recipients who may use the funds for social issues unrelated to the property. Brokers do not have expertise in this area.

2. GENERAL RECALL/DEFECTIVE PRODUCT/CLASS ACTION INFORMATION: Buyer and Seller are advised that government entities and manufacturers may at any time issue recall notices and/or warnings about products that may be present in the Property, and that these notices or warnings can change. The following nonexclusive, non-exhaustive list contains examples of recalled/defective products/class action information: horizontal furnaces, Whirlpool Microwave Hood Combination; RE-ConBuilding products roof tiles; Central Sprinkler Company Fire Sprinklers; Robert Shaw Water Heater Gas Control Valves; Trex Decking; water heaters; aluminum wiring; galvanized, abs, polybutylene PEX, KITEC® and copper pipe; and dry wall manufactured in China. There is no single, all-inclusive source of information on product recalls, defective products or class actions; however, the U.S. Consumer Product Safety Commission (CPSC) maintains a website that contains useful information. If Buyer wants further information regarding the items listed above, Broker(s) recommend that Buyer review the CPSC website at <http://www.cpsc.gov/> during Buyer's inspection contingency period. Another source affiliated with the CPSC is <http://saferproducts.gov/> which allows a Buyer to search by product type or product name. Buyer may also search using the various search engines on the Internet for the specified product

or products in question. Brokers recommend that Buyer satisfy themselves regarding recalled or defective products. Brokers will not determine if any aspect of the Property is subject to a recall or is affected by a class action lawsuit. Brokers do not have expertise in this area.

3. HOMEOWNER ASSOCIATIONS AND COVENANTS, CONDITIONS AND RESTRICTIONS ("CC&Rs"); CHARGING STATIONS; FHA/VA APPROVAL: Buyer and Seller are advised that if the Property is a condominium, or located in a planned unit development, or in a common interest subdivision, there are typically restrictions on use of the Property and rules that must be followed. Restrictions and rules are commonly found in Declarations and other governing documents. Further there is likely to be a homeowner association (HOA) that has the authority to affect the Property and its use. Whether or not there is a HOA, the Property may still be subject to CC&Rs restricting use of the Property. The HOA typically has the authority to enforce the rules of the association, assess monetary payments (both regular monthly dues and special assessments) to provide for the upkeep and maintenance of the common areas, and enforce the rules and assessment obligations. If you fail to abide by the rules or pay monies owed to the HOA, the HOA may put a lien against your Property. Additionally, if an electric vehicle charging station is installed in a common area or an exclusive use common area, each Seller whose parking space is on or near that charging station must disclose its existence and that the Buyer will have the responsibilities set forth in California Civil Code §4745. The law requires the Seller to provide the Buyer with the CC&Rs and other governing documents, as well as a copy of the HOA's current financial statement and operating budget, among other documents. Effective July 1, 2016, a Common Interest Development (CID) will be required to include in its annual budget report a separate statement describing the status of the CID as a Federal Housing Administration or Department of Veterans Affairs approved Development. While the purchase agreement and the law require that the annual budget be provided by Seller to Buyer, Brokers will not and cannot verify the accuracy of information provided by the CID. Buyer is advised to carefully review all HOA documents provided by Seller and the CC&Rs, if any, and satisfy him/herself regarding the use and restrictions of the Property, the amount of monthly dues and/or assessments, the adequacy of reserves, current and past insurance coverage and claims, and the possibility of any legal action that may be taken by or against the HOA. The HOA may not have insurance or may not cover personal property belonging to the owner of the unit in the condominium, common interest or planned unit development. For more information Buyer may request from Broker the C.A.R. Legal Q&A titled: "Homeowners' Associations: A Guide for REALTORS®". Brokers do not have expertise in this area.

4. LEGAL ACTION: Buyer and Seller are advised that if Seller or a previous owner was involved in a legal action (litigation or arbitration) affecting the Property, Buyer should obtain and review public and other available records regarding the legal action to determine: (i) whether the legal action or any resolution of it affects Buyer and the Property, (ii) if any rights against any parties involved in the legal action survive the legal action or have been terminated or waived as a result of the legal action, whether or not involving the same issue as in the legal action, and (iii) if any recommendations or requirements resulting from the legal action have been fulfilled and, if so, that Buyer is satisfied with any such action. Buyer should seek legal advice regarding these matters. Brokers do not have expertise in this area.

5. MARKETING; INTERNET ADVERTISING; INTERNET BLOGS; SOCIAL MEDIA: Buyer and Seller are advised that Broker may employ a "staging" company to assist in the presentation of the Property. The furnishings and decorations in the staging are generally not included in the sale unless specifically noted in the Agreement. Statements and inclusion in the MLS entry, flyers, and other marketing materials are NOT part of the Agreement. In addition, Broker may employ a service to provide a "virtual tour" or "virtual staging" or Internet marketing of the Property, permitting potential buyers to view the Property over the Internet. While they are supposed to be an accurate representation of the property, the photos may be enhanced and not fully representative of the actual condition of the property. Further, neither the service provider nor Broker have total control over who will obtain access to materials placed on the internet or what action such persons might take. Additionally, some Internet sites and other social media provide formats for comments or opinions of value of properties that are for sale. Information on the Property, or its owner, neighborhood, or any homeowner association having governance over the Property may be found on the internet on individual or commercial web sites, blogs, Facebook pages, or other social media. Any such information may be accurate, speculative, truthful or lies, and it may or may not reflect the opinions or representations by the Broker. Broker will not investigate any such sites, blogs, social media or other internet sites or the representations contained therein. Buyer is advised to make an independent search of electronic media and online sources prior to removing any investigation contingency. Buyer and Seller are advised that Broker has no control over how long the information or photos concerning the Property will be available on the Internet or through social media, and Broker will not be responsible for removing any such content from the internet or MLS. Brokers do not have expertise in this area.

6. PACE LOANS AND LIENS: The acronym PACE stands for Property Assessed Clean Energy. PACE programs allow property owners to finance energy and water conservation improvements and pay for them through an assessment on the owner's property. PACE programs are available in most areas for both residential one to four unit properties and commercial properties. PACE programs may be referred to by different names such as HERO or SCEIP, among others. If a PACE project is approved, an assessment lien is placed on a property for the amount owed plus interest. A property owner repays the entity for the improvements as a special tax assessment on the property tax bill over a period of years. A PACE lien is similar to a property tax lien in that it has "super priority." Sellers are obligated to disclose, pursuant to the C.A.R. Residential Purchase Agreement (C.A.R. Form RPA), whether any improvement is subject to a lien such as a PACE lien. Properties that are subject to PACE liens made on or after July 6, 2010 may not be eligible for financing. For more information, Buyer may request from Broker the C.A.R. Legal Q&A titled: "PACE Programs and Solar Leases". Brokers do not have expertise in this area.

7 Bay Drive, Bay

7. **RE-KEYING:** All locks should be re-keyed immediately upon close of escrow so as to ensure the Buyer's safety and security of their persons as well as their personal belongings. Alarms, if any, should be serviced by professionals and codes should be changed. Garage door openers and remotes should be re-coded. In the event of a lease back to Seller after the close of escrow, Seller is advised that the Buyer is entitled to the keys as the Owner of the Property even though the Seller stays in possession of the Property as provided in the RPA.

8. **SOLAR PANEL LEASES:** Solar panel or power systems may be owned or leased. Although leased systems are probably personal property, they are included in the sale by the C.A.R. purchase agreement which also obligates the Seller to make a disclosure to the Buyer and provide the Buyer with documentation concerning the lease and system. Leasing companies generally secure payments by filing a UCC-1 (a Uniform Commercial Code form giving notice of a creditor's security interest) against the property. Buyers are given a contingency right to investigate the solar related system and documentation and assume any lease. Assumption of the lease may require Buyer to provide financial information to the leasing company who may require a credit report be obtained on the Buyer. Should a solar panel or power system be on the Property, Buyers should determine if the system is leased or owned. Buyers willingness to assume any such lease is a contingency in favor of Seller. For more information, Buyer may request from Broker the C.A.R. Legal Q&A titled: "PACE Programs and Solar Leases". Brokers do not have expertise in this area.

9. **RECORDING DEVICES:** Audio or video recording devices or both may be present on the Property, whether or not notice of any such devices has been posted. Seller may or may not even be aware of the capability of such devices.

G. Local Disclosures and Advisories

1. LOCAL ADVISORIES OR DISCLOSURES (IF CHECKED):

The following disclosures or advisories are attached:

- A.
- B.
- C.
- D.

Buyer and Seller are encouraged to read all 14 pages of this Advisory carefully. By signing below, Buyer and Seller acknowledge that each has read, understands and received a copy of all 14 pages of this Advisory.

	Date of Inspection	Co. Report No.		

WHAT IS A WOOD DESTROYING PEST & ORGANISM INSPECTION REPORT? READ THIS DOCUMENT. IT EXPLAINS THE SCOPE AND LIMITATIONS OF A STRUCTURAL PEST CONTROL INSPECTION AND A WOOD DESTROYING PEST & ORGANISM INSPECTION REPORT.

A Wood Destroying Pest & Organism Inspection Report contains findings as to the presence or absence of evidence of wood destroying pests and organisms in visible and accessible areas and contains recommendations for correcting any infestations or infections found. The contents of Wood Destroying Pest & Organism Inspection Reports are governed by the Structural Pest Control Act and regulations.

Some structures do not comply with building code requirements or may have structural, plumbing, electrical, mechanical, heating, air conditioning or other defects that do not pertain to wood destroying organisms. A Wood Destroying Pest & Organism Inspection Report does not contain information on such defects, if any, as they are not within the scope of the licenses of either this company, or its employees.

The Structural Pest Control Act requires inspection of only those areas which are visible and accessible at the time of inspection. Some areas of the structure are not accessible to inspection, such as the interior of hollow walls, spaces between floors, areas concealed by carpeting, appliances, furniture or cabinets. Infestations or infections may be active in these areas without visible and accessible evidence. If you desire information about areas that were not inspected, a further inspection may be performed at an additional cost. Carpets, furniture or appliances are not moved and windows are not opened during a routine inspection.

The exterior Surface of the roof was not inspected. If you want the water tightness of the roof determined, you should contact a roofing contractor who is licensed by the Contractor's State License Board.

This company does not certify or guarantee against any leakage, such as (but not limited to) plumbing, appliances, walls, doors, windows, any type of seepage, roof or deck coverings. This company renders no guarantee, whatsoever, against any infection, infestation or any other adverse condition which may exist in such areas or may become visibly evident in such area after this date. Upon request, further inspection of these areas would be performed at an additional charge.

In the event damage or infestation described herein is later found to extend further than anticipated, our bid will not include such repairs. **OWNER SHOULD BE AWARE OF THIS CLOSED BID WHEN CONTRACTING WITH OTHERS OR UNDERTAKING THE WORK HIMSELF/HERSELF.**

If requested by the person ordering this report, a re-inspection of the structure will be performed. Such requests must be within four (4) months of the date of this inspection. Every re-inspection fee amount shall not exceed the original inspection fee.

Wall paper, stain, or interior painting are excluded from our contract. New wood exposed to the weather will be prime painted, only upon request at an additional expense.

This company will reinspect repairs done by others within four months of the original inspection. A charge, if any, can be no greater than the original inspection fee for each reinspection. The reinspection must be done within ten (10) working days of request. The reinspection is a visual inspection and if inspection of concealed areas is desired, inspection of work in progress will be necessary. Any guarantees must be received from parties performing repairs.

"NOTICE: Reports on this structure prepared by various registered companies should list the same findings (i.e. termite infestations, termite damage, fungus damage, etc.). However, recommendations to correct these findings may vary from company to company. You have a right to seek a second opinion from another company."

This Wood Destroying Pest & Organisms Report DOES NOT INCLUDE MOLD or any mold like conditions. No reference will be made to mold or mold-like conditions. Mold is not a Wood Destroying Organism and is outside the scope of *this report as defined* by the Structural Pest Control Act. If you wish your property to be inspected for mold or mold like conditions, please contact the appropriate mold professional.

FURTHER INSPECTION ITEMS ARE DEFINED AS RECOMMENDATIONS TO INSPECT AREA(S) WHICH DURING THE ORIGINAL INSPECTION DID NOT ALLOW THE INSPECTOR ACCESS TO COMPLETE HIS INSPECTION AND CANNOT BE DEFINED AS SECTION I OR II.

"Thank you for selecting GRESSETT TERMITE to perform a structural pest control inspection on your property. Our inspectors have determined that your property will benefit from the safe application of a chemical commonly used for structural pest control. In accordance with the laws and regulations of the State of California, we are required to provide you and your occupants with the following information prior to any application of chemicals to such property. Please take a few moments to read and become familiar with the content.

State Law requires that you be given the following information:

"CAUTION - PESTICIDES ARE TOXIC CHEMICALS. Structural Pest Control Operators are licensed and regulated by the Structural Pest control Board, and apply pesticides which are registered and approved for use by the California Department of Food and Agriculture and the United States Environmental Protection Agency. Registration is granted when the state finds that based on scientific evidence, there are no appreciable risks weighted by the benefits. The degree of risk depends on the degree of exposure, so exposure should be minimized."

"If within 24 hours following application, you experience symptoms similar to common seasonal illness comparable to the flu, contact your physician or poison control center and your pest control operator immediately."

PRELIMINARY REPORT

In response to the above referenced application for a policy of title insurance, this company hereby reports that it is prepared to issue, or cause to be issued, as of the date hereof, a Policy or Policies of Title Insurance describing the land and the estate or interest therein hereinafter set forth, insuring against loss which may be sustained by reason of any defect, lien or encumbrance not shown or referred to as an Exception below or not excluded from coverage pursuant to the printed Schedules, Conditions and Stipulations of said Policy forms.

The printed Exceptions and Exclusions from the coverage and Limitations on Covered Risks of said policy or policies are set forth in Exhibit A attached. *The policy to be issued may contain an arbitration clause. When the Amount of Insurance is less than that set forth in the arbitration clause, all arbitrable matters shall be arbitrated at the option of either the Company or the Insured as the exclusive remedy of the parties.* Limitations on Covered Risks applicable to the CLTA and ALTA Homeowner's Policies of Title Insurance which establish a Deductible Amount and a Maximum Dollar Limit of Liability for certain coverages are also set forth in Exhibit A. Copies of the policy forms should be read. They are available from the office which issued this report.

Please read the exceptions shown or referred to below and the exceptions and exclusions set forth in Exhibit A of this report carefully. The exceptions and exclusions are meant to provide you with notice of matters which are not covered under the terms of the title insurance policy and should be carefully considered.

It is important to note that this preliminary report is not a written representation as to the condition of title and may not list all liens, defects, and encumbrances affecting title to the land.

This report (and any supplements or amendments hereto) is issued solely for the purpose of facilitating the issuance of a policy of title insurance and no liability is assumed hereby. If it is desired that liability be assumed prior to the issuance of a policy of title insurance, a Binder or Commitment should be requested.

DocuSigned by:
Alma Rivera
CD6605229E094F5...

Dated as of June 04, 2020 at 7:30 A.M.

The form of Policy of title insurance contemplated by this report is:

ALTA/CLTA Homeowner's (EAGLE) Policy of Title Insurance (2013) and ALTA Ext Loan Policy 1056.06 (06-17-06) if the land described is an improved residential lot or condominium unit on which there is located a one-to-four family residence; or ALTA Standard Owner's Policy 2006 (WRE 06-17-06) and the ALTA Loan Policy 2006 (06-17-06) if the land described is an unimproved residential lot or condominium unit

A specific request should be made if another form or additional coverage is desired.

Title to said estate or interest at the date hereof is vested in:

STALEY & MACARTHUR INC.

The estate or interest in the land hereinafter described or referred to covered by this Report is:

FEE

The Land referred to herein is described as follows:

(See attached Legal Description)

At the date hereof exceptions to coverage in addition to the printed Exceptions and Exclusions in said policy form would be as follows:

1. General and special taxes and assessments for the fiscal year 2020-2021, a lien not yet due or payable.
2. Assessment liens, if applicable, collected with the general and special taxes, including but not limited to those disclosed by the reflection of the following on the tax roll:

Community Facilities District MT DIABLO MELLO ROOS.
3. The lien of supplemental taxes, if any, assessed pursuant to Chapter 3.5 commencing with Section 75 of the California Revenue and Taxation Code.
4. Any and all offers of dedications, conditions, restrictions, easements, notes and/or provisions shown or disclosed by the filed or recorded map referred to in the legal description including but not limited to: PUBLIC UTILITIES and incidental purposes affecting said land.

5. Covenants, conditions, restrictions and easements in the document recorded June 27, 1952 as BOOK 1953, PAGE 480 of Official Records, which provide that a violation thereof shall not defeat or render invalid the lien of any first mortgage or deed of trust made in good faith and for value, but deleting any covenant, condition, or restriction, if any, indicating a preference, limitation, or discrimination based on race, color, religion, sex, gender, gender identity, gender expression, sexual orientation, familial status, marital status, disability, handicap, veteran or military status, genetic information, national origin, source of income as defined in subdivision (p) of Section 12955, or ancestry, to the extent that such covenants, conditions or restrictions violate applicable state or federal laws. Lawful restrictions under state and federal law on the age of occupants in senior housing or housing for older persons shall not be construed as restrictions based on familial status.
6. The fact that the land lies within the boundaries of the BAY POINT (FORMERLY WEST PITTSBURG) Redevelopment Project Area, as disclosed by various documents of record.
7. The new lender, **if any**, for this transaction may be a Non-Institutional Lender. If so, the Company will require the Deed of Trust to be signed before a First American approved notary.
8. Rights of parties in possession and rights of tenant(s) in the Land, including rights of all parties claiming by, through or under said tenant(s).

We will require an approved declaration signed by the seller/seller's authorized agent and the buyer prior to close of this transaction.

Prior to the issuance of any policy of title insurance, the Company will require:

9. With respect to STALEY & MACARTHUR INC., a corporation:
 - a. A certificate of good standing of recent date issued by the Secretary of State of the corporation's state of domicile.
 - b. A certified copy of a resolution of the Board of Directors authorizing the contemplated transaction and designating which corporate officers shall have the power to execute on behalf of the corporation.
 - c. Other requirements which the Company may impose following its review of the material required herein and other information which the Company may require.

INFORMATIONAL NOTES

Note: The policy to be issued may contain an arbitration clause. When the Amount of Insurance is less than the certain dollar amount set forth in any applicable arbitration clause, all arbitrable matters shall be arbitrated at the option of either the Company or the Insured as the exclusive remedy of the parties. If you desire to review the terms of the policy, including any arbitration clause that may be included, contact the office that issued this Commitment or Report to obtain a sample of the policy jacket for the policy that is to be issued in connection with your transaction.

1. General and special taxes and assessments for the fiscal year 2019-2020.

First Installment:	\$865.98, PAID
Penalty:	\$0.00
Second Installment:	\$865.98, PAID
Penalty:	\$0.00
Tax Rate Area:	79-024
A. P. No.:	098-051-002

2. This report is preparatory to the issuance of an ALTA Loan Policy. We have no knowledge of any fact which would preclude the issuance of the policy with CLTA endorsement forms 100 and 116 and if applicable, 115 and 116.2 attached.

When issued, the CLTA endorsement form 116 or 116.2, if applicable will reference a(n) Single Family Residence known as 7 BAY DRIVE, BAY POINT, CA.

3. According to the public records, there has been no conveyance of the land within a period of twenty-four months prior to the date of this report, except as follows:

None

4. We find no outstanding voluntary liens of record affecting subject property. Disclosure should be made concerning the existence of any unrecorded lien or other indebtedness which could give rise to any possible security interest in the subject property.

NOTE to proposed insured lender only: No Private transfer fee covenant, as defined in Federal Housing Finance Agency Final Rule 12 CFR Part 1228, that was created and first appears in the Public Records on or after February 8, 2011, encumbers the Title except as follows: None

The map attached, if any, may or may not be a survey of the land depicted hereon. First American expressly disclaims any liability for loss or damage which may result from reliance on this map except to the extent coverage for such loss or damage is expressly provided by the terms and provisions of the title insurance policy, if any, to which this map is attached.

NOTICE

Section 12413.1 of the California Insurance Code, effective January 1, 1990, requires that any title insurance company, underwritten title company, or controlled escrow company handling funds in an escrow or sub-escrow capacity, wait a specified number of days after depositing funds, before recording any documents in connection with the transaction or disbursing funds. This statute allows for funds deposited by wire transfer to be disbursed the same day as deposit. In the case of cashier's checks or certified checks, funds may be disbursed the next day after deposit. In order to avoid unnecessary delays of three to seven days, or more, please use wire transfer, cashier's checks, or certified checks whenever possible.

EXHIBIT A
LIST OF PRINTED EXCEPTIONS AND EXCLUSIONS (BY POLICY TYPE)

CLTA STANDARD COVERAGE POLICY – 1990
EXCLUSIONS FROM COVERAGE

The following matters are expressly excluded from the coverage of this policy and the Company will not pay loss or damage, costs, attorneys' fees or expenses which arise by reason of:

1. (a) Any law, ordinance or governmental regulation (including but not limited to building or zoning laws, ordinances, or regulations) restricting, regulating, prohibiting or relating (i) the occupancy, use, or enjoyment of the land; (ii) the character, dimensions or location of any improvement now or hereafter erected on the land; (iii) a separation in ownership or a change in the dimensions or area of the land or any parcel of which the land is or was a part; or (iv) environmental protection, or the effect of any violation of these laws, ordinances or governmental regulations, except to the extent that a notice of the enforcement thereof or a notice of a defect, lien, or encumbrance resulting from a violation or alleged violation affecting the land has been recorded in the public records at Date of Policy.
- (b) Any governmental police power not excluded by (a) above, except to the extent that a notice of the exercise thereof or notice of a defect, lien or encumbrance resulting from a violation or alleged violation affecting the land has been recorded in the public records at Date of Policy.
2. Rights of eminent domain unless notice of the exercise thereof has been recorded in the public records at Date of Policy, but not excluding from coverage any taking which has occurred prior to Date of Policy which would be binding on the rights of a purchaser for value without knowledge.
3. Defects, liens, encumbrances, adverse claims or other matters:
 - (a) whether or not recorded in the public records at Date of Policy, but created, suffered, assumed or agreed to by the insured claimant;
 - (b) not known to the Company, not recorded in the public records at Date of Policy, but known to the insured claimant and not disclosed in writing to the Company by the insured claimant prior to the date the insured claimant became an insured under this policy;
 - (c) resulting in no loss or damage to the insured claimant;
 - (d) attaching or created subsequent to Date of Policy; or
 - (e) resulting in loss or damage which would not have been sustained if the insured claimant had paid value for the insured mortgage or for the estate or interest insured by this policy.
4. Unenforceability of the lien of the insured mortgage because of the inability or failure of the insured at Date of Policy, or the inability or failure of any subsequent owner of the indebtedness, to comply with the applicable doing business laws of the state in which the land is situated.
5. Invalidity or unenforceability of the lien of the insured mortgage, or claim thereof, which arises out of the transaction evidenced by the insured mortgage and is based upon usury or any consumer credit protection or truth in lending law.
6. Any claim, which arises out of the transaction vesting in the insured the estate of interest insured by this policy or the transaction creating the interest of the insured lender, by reason of the operation of federal bankruptcy, state insolvency or similar creditors' rights laws.

EXCEPTIONS FROM COVERAGE - SCHEDULE B, PART I

This policy does not insure against loss or damage (and the Company will not pay costs, attorneys' fees or expenses) which arise by reason of:

1. Taxes or assessments which are not shown as existing liens by the records of any taxing authority that levies taxes or assessments on real property or by the public records.
Proceedings by a public agency which may result in taxes or assessments, or notices of such proceedings, whether or not shown by the records of such agency or by the public records.
2. Any facts, rights, interests, or claims which are not shown by the public records but which could be ascertained by an inspection of the land or which may be asserted by persons in possession thereof.
3. Easements, liens or encumbrances, or claims thereof, not shown by the public records.
4. Discrepancies, conflicts in boundary lines, shortage in area, encroachments, or any other facts which a correct survey would disclose, and which are not shown by the public records.
5. (a) Unpatented mining claims; (b) reservations or exceptions in patents or in Acts authorizing the issuance thereof; (c) water rights, claims or title to water, whether or not the matters excepted under (a), (b) or (c) are shown by the public records.
6. Any lien or right to a lien for services, labor or material unless such lien is shown by the public records at Date of Policy.

CLTA/ALTA HOMEOWNER'S POLICY OF TITLE INSURANCE (12-02-13)
EXCLUSIONS

In addition to the Exceptions in Schedule B, You are not insured against loss, costs, attorneys' fees, and expenses resulting from:

1. Governmental police power, and the existence or violation of those portions of any law or government regulation concerning:
 - a. building;
 - b. zoning;
 - c. land use;

- d. improvements on the Land;
 - e. land division; and
 - f. environmental protection.
- This Exclusion does not limit the coverage described in Covered Risk 8.a., 14, 15, 16, 18, 19, 20, 23 or 27.
2. The failure of Your existing structures, or any part of them, to be constructed in accordance with applicable building codes. This Exclusion does not limit the coverage described in Covered Risk 14 or 15.
 3. The right to take the Land by condemning it. This Exclusion does not limit the coverage described in Covered Risk 17.
 4. Risks:
 - a. that are created, allowed, or agreed to by You, whether or not they are recorded in the Public Records;
 - b. that are Known to You at the Policy Date, but not to Us, unless they are recorded in the Public Records at the Policy Date;
 - c. that result in no loss to You; or
 - d. that first occur after the Policy Date - this does not limit the coverage described in Covered Risk 7, 8.e., 25, 26, 27 or 28.
 5. Failure to pay value for Your Title.
 6. Lack of a right:
 - a. to any land outside the area specifically described and referred to in paragraph 3 of Schedule A; and
 - b. in streets, alleys, or waterways that touch the Land.

This Exclusion does not limit the coverage described in Covered Risk 11 or 21.
 7. The transfer of the Title to You is invalid as a preferential transfer or as a fraudulent transfer or conveyance under federal bankruptcy, state insolvency, or similar creditors' rights laws.
 8. Contamination, explosion, fire, flooding, vibration, fracturing, earthquake, or subsidence.
 9. Negligence by a person or an Entity exercising a right to extract or develop minerals, water, or any other substances.

LIMITATIONS ON COVERED RISKS

Your insurance for the following Covered Risks is limited on the Owner's Coverage Statement as follows:
 For Covered Risk 16, 18, 19, and 21 Your Deductible Amount and Our Maximum Dollar Limit of Liability shown in Schedule A.
 The deductible amounts and maximum dollar limits shown on Schedule A are as follows:

	<u>Your Deductible Amount</u>	<u>Our Maximum Dollar Limit of Liability</u>
Covered Risk 16:	1% of Policy Amount Shown in Schedule A or \$2,500 (whichever is less)	\$10,000
Covered Risk 18:	1% of Policy Amount Shown in Schedule A or \$5,000 (whichever is less)	\$25,000
Covered Risk 19:	1% of Policy Amount Shown in Schedule A or \$5,000 (whichever is less)	\$25,000
Covered Risk 21:	1% of Policy Amount Shown in Schedule A or \$2,500 (whichever is less)	\$5,000

2006 ALTA LOAN POLICY (06-17-06)

EXCLUSIONS FROM COVERAGE

The following matters are expressly excluded from the coverage of this policy, and the Company will not pay loss or damage, costs, attorneys' fees, or expenses that arise by reason of:

1. (a) Any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) restricting, regulating, prohibiting, or relating to
 - (i) the occupancy, use, or enjoyment of the Land;
 - (ii) the character, dimensions, or location of any improvement erected on the Land;
 - (iii) the subdivision of land; or
 - (iv) environmental protection;

or the effect of any violation of these laws, ordinances, or governmental regulations. This Exclusion 1(a) does not modify or limit the coverage provided under Covered Risk 5.
- (b) Any governmental police power. This Exclusion 1(b) does not modify or limit the coverage provided under Covered Risk 6.
2. Rights of eminent domain. This Exclusion does not modify or limit the coverage provided under Covered Risk 7 or 8.
3. Defects, liens, encumbrances, adverse claims, or other matters
 - (a) created, suffered, assumed, or agreed to by the Insured Claimant;
 - (b) not Known to the Company, not recorded in the Public Records at Date of Policy, but Known to the Insured Claimant and not disclosed in writing to the Company by the Insured Claimant prior to the date the Insured Claimant became an Insured under this policy;

- (c) resulting in no loss or damage to the Insured Claimant;
 - (d) attaching or created subsequent to Date of Policy (however, this does not modify or limit the coverage provided under Covered Risk 11, 13, or 14); or
 - (e) resulting in loss or damage that would not have been sustained if the Insured Claimant had paid value for the Insured Mortgage.
4. Unenforceability of the lien of the Insured Mortgage because of the inability or failure of an Insured to comply with applicable doing-business laws of the state where the Land is situated.
 5. Invalidity or unenforceability in whole or in part of the lien of the Insured Mortgage that arises out of the transaction evidenced by the Insured Mortgage and is based upon usury or any consumer credit protection or truth-in-lending law.
 6. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights laws, that the transaction creating the lien of the Insured Mortgage, is
 - (a) a fraudulent conveyance or fraudulent transfer, or
 - (b) a preferential transfer for any reason not stated in Covered Risk 13(b) of this policy.
 7. Any lien on the Title for real estate taxes or assessments imposed by governmental authority and created or attaching between Date of Policy and the date of recording of the Insured Mortgage in the Public Records. This Exclusion does not modify or limit the coverage provided under Covered Risk 11(b).

The above policy form may be issued to afford either Standard Coverage or Extended Coverage. In addition to the above Exclusions from Coverage, the Exceptions from Coverage in a Standard Coverage policy will also include the following Exceptions from Coverage:

EXCEPTIONS FROM COVERAGE

[Except as provided in Schedule B - Part II, [t[or T]his policy does not insure against loss or damage, and the Company will not pay costs, attorneys' fees or expenses, that arise by reason of:

[PART I

[The above policy form may be issued to afford either Standard Coverage or Extended Coverage. In addition to the above Exclusions from Coverage, the Exceptions from Coverage in a Standard Coverage policy will also include the following Exceptions from Coverage:

1. (a) Taxes or assessments that are not shown as existing liens by the records of any taxing authority that levies taxes or assessments on real property or by the Public Records; (b) proceedings by a public agency that may result in taxes or assessments, or notices of such proceedings, whether or not shown by the records of such agency or by the Public Records.
2. Any facts, rights, interests, or claims that are not shown by the Public Records but that could be ascertained by an inspection of the Land or that may be asserted by persons in possession of the Land.
3. Easements, liens or encumbrances, or claims thereof, not shown by the Public Records.
4. Any encroachment, encumbrance, violation, variation, or adverse circumstance affecting the Title that would be disclosed by an accurate and complete land survey of the Land and not shown by the Public Records.
5. (a) Unpatented mining claims; (b) reservations or exceptions in patents or in Acts authorizing the issuance thereof; (c) water rights, claims or title to water, whether or not the matters excepted under (a), (b), or (c) are shown by the Public Records.
6. Any lien or right to a lien for services, labor or material unless such lien is shown by the Public Records at Date of Policy.

PART II

In addition to the matters set forth in Part I of this Schedule, the Title is subject to the following matters, and the Company insures against loss or damage sustained in the event that they are not subordinate to the lien of the Insured Mortgage:]

2006 ALTA OWNER'S POLICY (06-17-06)

EXCLUSIONS FROM COVERAGE

The following matters are expressly excluded from the coverage of this policy, and the Company will not pay loss or damage, costs, attorneys' fees, or expenses that arise by reason of:

1. (a) Any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) restricting, regulating, prohibiting, or relating to
 - (i) the occupancy, use, or enjoyment of the Land;
 - (ii) the character, dimensions, or location of any improvement erected on the Land;
 - (iii) the subdivision of land; or
 - (iv) environmental protection;

or the effect of any violation of these laws, ordinances, or governmental regulations. This Exclusion 1(a) does not modify or limit the coverage provided under Covered Risk 5.

- (b) Any governmental police power. This Exclusion 1(b) does not modify or limit the coverage provided under Covered Risk 6.
2. Rights of eminent domain. This Exclusion does not modify or limit the coverage provided under Covered Risk 7 or 8.
3. Defects, liens, encumbrances, adverse claims, or other matters
 - (a) created, suffered, assumed, or agreed to by the Insured Claimant;
 - (b) not Known to the Company, not recorded in the Public Records at Date of Policy, but Known to the Insured Claimant and not disclosed in writing to the Company by the Insured Claimant prior to the date the Insured Claimant became an Insured under this policy;

- (c) resulting in no loss or damage to the Insured Claimant;
 - (d) attaching or created subsequent to Date of Policy (however, this does not modify or limit the coverage provided under Covered Risk 9 or 10); or
 - (e) resulting in loss or damage that would not have been sustained if the Insured Claimant had paid value for the Title.
4. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights laws, that the transaction vesting the Title as shown in Schedule A, is
 - (a) a fraudulent conveyance or fraudulent transfer, or
 - (b) a preferential transfer for any reason not stated in Covered Risk 9 of this policy.
 5. Any lien on the Title for real estate taxes or assessments imposed by governmental authority and created or attaching between Date of Policy and the date of recording of the deed or other instrument of transfer in the Public Records that vests Title as shown in Schedule A.

The above policy form may be issued to afford either Standard Coverage or Extended Coverage. In addition to the above Exclusions from Coverage, the Exceptions from Coverage in a Standard Coverage policy will also include the following Exceptions from Coverage:

EXCEPTIONS FROM COVERAGE

This policy does not insure against loss or damage, and the Company will not pay costs, attorneys' fees or expenses, that arise by reason of: [The above policy form may be issued to afford either Standard Coverage or Extended Coverage. In addition to the above Exclusions from Coverage, the Exceptions from Coverage in a Standard Coverage policy will also include the following Exceptions from Coverage:

1. (a) Taxes or assessments that are not shown as existing liens by the records of any taxing authority that levies taxes or assessments on real property or by the Public Records; (b) proceedings by a public agency that may result in taxes or assessments, or notices of such proceedings, whether or not shown by the records of such agency or by the Public Records.
2. Any facts, rights, interests, or claims that are not shown by the Public Records but that could be ascertained by an inspection of the Land or that may be asserted by persons in possession of the Land.
3. Easements, liens or encumbrances, or claims thereof, not shown by the Public Records.
4. Any encroachment, encumbrance, violation, variation, or adverse circumstance affecting the Title that would be disclosed by an accurate and complete land survey of the Land and not shown by the Public Records.
5. (a) Unpatented mining claims; (b) reservations or exceptions in patents or in Acts authorizing the issuance thereof; (c) water rights, claims or title to water, whether or not the matters excepted under (a), (b), or (c) are shown by the Public Records.
6. Any lien or right to a lien for services, labor or material unless such lien is shown by the Public Records at Date of Policy.
7. [Variable exceptions such as taxes, easements, CC&R's, etc. shown here.]

ALTA EXPANDED COVERAGE RESIDENTIAL LOAN POLICY (07-26-10)

EXCLUSIONS FROM COVERAGE

The following matters are expressly excluded from the coverage of this policy, and the Company will not pay loss or damage, costs, attorneys' fees, or expenses that arise by reason of:

1. (a) Any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) restricting, regulating, prohibiting, or relating to
 - (i) the occupancy, use, or enjoyment of the Land;
 - (ii) the character, dimensions, or location of any improvement erected on the Land;
 - (iii) the subdivision of land; or
 - (iv) environmental protection;

or the effect of any violation of these laws, ordinances, or governmental regulations. This Exclusion 1(a) does not modify or limit the coverage provided under Covered Risk 5, 6, 13(c), 13(d), 14 or 16.

(b) Any governmental police power. This Exclusion 1(b) does not modify or limit the coverage provided under Covered Risk 5, 6, 13(c), 13(d), 14 or 16.

2. Rights of eminent domain. This Exclusion does not modify or limit the coverage provided under Covered Risk 7 or 8.
3. Defects, liens, encumbrances, adverse claims, or other matters
 - (a) created, suffered, assumed, or agreed to by the Insured Claimant;
 - (b) not Known to the Company, not recorded in the Public Records at Date of Policy, but Known to the Insured Claimant and not disclosed in writing to the Company by the Insured Claimant prior to the date the Insured Claimant became an Insured under this policy;
 - (c) resulting in no loss or damage to the Insured Claimant;
 - (d) attaching or created subsequent to Date of Policy (however, this does not modify or limit the coverage provided under Covered Risk 11, 16, 17, 18, 19, 20, 21, 22, 23, 24, 27 or 28); or
 - (e) resulting in loss or damage that would not have been sustained if the Insured Claimant had paid value for the Insured Mortgage.
4. Unenforceability of the lien of the Insured Mortgage because of the inability or failure of an Insured to comply with applicable doing-business laws of the state where the Land is situated.
5. Invalidity or unenforceability in whole or in part of the lien of the Insured Mortgage that arises out of the transaction evidenced by the Insured Mortgage and is based upon usury or any consumer credit protection or truth-in-lending law. This Exclusion does not modify or limit the coverage provided in Covered Risk 26.
6. Any claim of invalidity, unenforceability or lack of priority of the lien of the Insured Mortgage as to Advances or modifications made after the

Insured has Knowledge that the vestee shown in Schedule A is no longer the owner of the estate or interest covered by this policy. This Exclusion does not modify or limit the coverage provided in Covered Risk 11.

7. Any lien on the Title for real estate taxes or assessments imposed by governmental authority and created or attaching subsequent to Date of Policy. This Exclusion does not modify or limit the coverage provided in Covered Risk 11(b) or 25.
8. The failure of the residential structure, or any portion of it, to have been constructed before, on or after Date of Policy in accordance with applicable building codes. This Exclusion does not modify or limit the coverage provided in Covered Risk 5 or 6.
9. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights laws, that the transaction creating the lien of the Insured Mortgage, is
 - (a) a fraudulent conveyance or fraudulent transfer, or
 - (b) a preferential transfer for any reason not stated in Covered Risk 27(b) of this policy.
10. Contamination, explosion, fire, flooding, vibration, fracturing, earthquake, or subsidence.
11. Negligence by a person or an Entity exercising a right to extract or develop minerals, water, or any other substances.

Privacy Notice

Effective: January 1, 2020

Notice Last Updated: January 1, 2020

This Privacy Notice describes how First American Financial Corporation and its subsidiaries and affiliates (together referred to as "First American," "we," "us," or "our") collect, use, store, and share your information. This Privacy Notice applies to information we receive from you offline only, as well as from third parties. For more information about our privacy practices, please visit <https://www.firstam.com/privacy-policy/index.html>. The practices described in this Privacy Notice are subject to applicable laws in the places in which we operate.

What Type Of Information Do We Collect About You? We collect both **personal** and **non-personal information** about and from you. **Personal information** is non-public information that can be used to directly or indirectly identify or contact you. **Non-personal information** is any other type of information.

How Do We Collect Your Information? We collect your **personal** and **non-personal information**: (1) directly from you; (2) automatically when you interact with us; and (3) from third parties, including business parties and affiliates.

How Do We Use Your Information? We may use your personal information in a variety of ways, including but not limited to providing the services you have requested, fulfilling your transactions, comply with relevant laws and our policies, and handling a claim. We may use your **non-personal information** for any purpose.

How Do We Share Your Personal Information? We do not sell your **personal information** to nonaffiliated third parties. We will only share your **personal information**, including to subsidiaries, affiliates, and to unaffiliated third parties: (1) with your consent; (2) in a business transfer; (3) to service providers; and (4) for legal process and protection. If you have any questions about how First American shares your **personal information**, you may contact us at dataprivacy@firstam.com or toll free at 1-866-718-0097.

How Do We Secure Your Personal Information? The security of your **personal information** is important to us. That is why we take commercially reasonable steps to make sure your **personal information** is protected. We use our best efforts to maintain commercially reasonable technical, organizational, and physical safeguards, consistent with applicable law, to protect your **personal information**.

How Long Do We Keep Your Personal Information? We keep your **personal information** for as long as necessary in accordance with the purpose for which it was collected, our business needs, and our legal and regulatory obligations.

Your Choices We provide you the ability to exercise certain controls and choices regarding our collection, use, storage, and sharing of your **personal information**. In accordance with applicable law, your controls and choices. You can learn more about your choices, and exercise these controls and choices, by sending an email to dataprivacy@firstam.com or toll free at 1-866-718-0097.

International Jurisdictions: Our Products are hosted and offered in the United States of America (US), and are subject to US federal, state, and local law. If you are accessing the Products from another country, please be advised that you may be transferring your **personal information** to us in the US, and you consent to that transfer and use of your **personal information** in accordance with this Privacy Notice. You also agree to abide by the applicable laws of applicable US federal, state, and local laws concerning your use of the Products, and your agreements with us.

We may change this Privacy Notice from time to time. Any and all changes to this Privacy Notice will be reflected on this page, and where appropriate provided in person or by another electronic method. **YOUR CONTINUED USE, ACCESS, OR INTERACTION WITH OUR PRODUCTS OR YOUR CONTINUED COMMUNICATIONS WITH US AFTER THIS NOTICE HAS BEEN PROVIDED TO YOU WILL REPRESENT THAT YOU HAVE READ AND UNDERSTOOD THIS PRIVACY NOTICE.**

Contact Us dataprivacy@firstam.com or toll free at 1-866-718-0097.

First American Title™

For California Residents

If you are a California resident, you may have certain rights under California law, including but not limited to the California Consumer Privacy Act of 2018 ("CCPA"). All phrases used in this section shall have the same meaning as those phrases are used under California law, including the CCPA.

Right to Know. You have a right to request that we disclose the following information to you: (1) the categories of **personal information** we have collected about or from you; (2) the categories of sources from which the **personal information** was collected; (3) the business or commercial purpose for such collection and/or disclosure of your personal information; (4) the categories of third parties with whom we have shared your **personal information**; and (5) the specific pieces of your **personal information** we have collected. To submit a verified request for this information, go to our online privacy policy at www.firstam.com/privacy-policy to submit your request or call toll-free at 1-866-718-0097. You may also designate an authorized agent to submit a request on your behalf by going to our online privacy policy at www.firstam.com/privacy-policy to submit your request or by calling toll-free at 1-866-718-0097 and submitting written proof of such authorization to dataprivacy@firstam.com.

Right of Deletion. You also have a right to request that we delete the **personal information** we have collected from you. This right is subject to certain exceptions available under the CCPA and other applicable law. To submit a verified request for deletion, go to our online privacy policy at www.firstam.com/privacy-policy to submit your request or call toll-free at 1-866-718-0097. You may also designate an authorized agent to submit a request on your behalf by going to our online privacy policy at www.firstam.com/privacy-policy to submit your request or by calling toll-free at 1-866-718-0097 and submitting written proof of such authorization to dataprivacy@firstam.com.

Verification Process. For either a request to know or delete, we will verify your identity before responding to your request. To verify your identity, we will generally match the identifying information provided in your request with the information we have on file about you. Depending on the sensitivity of the personal information requested, we may also utilize more stringent verification methods to verify your identity, including but not limited to requesting additional information from you and/or requiring you to sign a declaration under penalty of perjury.

Right to Opt-Out. We do not sell your personal information to third parties, and do not plan to do so in the future.

Right of Non-Discrimination. You have a right to exercise your rights under California law, including under the CCPA, without suffering discrimination. Accordingly, First American will not discriminate against you in any way if you choose to exercise your rights under the CCPA.

Collection Notice. The following is a list of the categories of personal information we may have collected about California residents in the twelve months preceding the date this Privacy Notice was last updated, including the business or commercial purpose for said collection, the categories of sources from which we may have collected the personal information, and the categories of third parties with whom we may have shared the personal information:

Categories of Personal Information Collected	The categories of personal information we have collected include, but may not be limited to: real name; signature; alias; SSN; physical characteristics or description, including protected characteristics under federal or state law; address; telephone number; passport number; driver's license number; state identification card number; IP address; policy number; file number; employment history; bank account number; credit card number; debit card number; financial account numbers; commercial information; internet or other electronic network activity; geolocation data; audio and visual information; professional or employment information; and inferences drawn from the above categories to create a profile about a consumer.
Categories of Sources	Categories of sources from which we've collected personal information include, but may not be limited to: the consumer directly; public records; governmental entities; non-affiliated third parties; social media networks; affiliated third parties
Business Purpose for Collection	The business purposes for which we've collected personal information include, but may not be limited to: completing a transaction for our Products; verifying eligibility for employment; facilitating employment; performing services on behalf of affiliated and non-affiliated third parties; debugging to identify and repair errors that impair existing intended functionality on our Websites, Applications, or Products; protecting against malicious, deceptive, fraudulent, or illegal activity

BUYER'S INSPECTION WAIVER
(C.A.R. Form BIW, Revised 6/19)

Property Address: 7 Bay Dr, BAY POINT, CA 94565 ("Property").

This form is intended for use between a buyer and buyer's broker. It does not alter the legal or contractual relationship between a buyer and seller.

1. IMPORTANCE OF PROPERTY INVESTIGATION: Unless otherwise specified in the purchase agreement used, the physical condition of the land and any improvements being purchased is not guaranteed by either Seller or Brokers. For this reason, (i) you should conduct thorough inspections, investigations, tests, surveys and other studies ("Investigations") of the Property personally and with professionals of your own choosing who should provide written reports of their findings and recommendations, and (ii) you should not rely solely on reports provided by Seller or others. A general physical (home) inspection typically does not cover all aspects of the Property nor items affecting the Property that are not physically located on the Property. If any professional recommends additional Investigations, including a recommendation by a pest control operator to inspect inaccessible areas of the Property, you should contact qualified experts to conduct such additional Investigations.

2. BUYER RIGHTS AND DUTIES: You have an affirmative duty to exercise reasonable care to protect yourself, including discovery of the legal, practical and technical implications of disclosed facts, and to investigate and verify information and facts that you know or that are within your diligent attention and observation. If the purchase agreement gives you the right to investigate the Property the best way to protect yourself is to exercise this right. However, you must do so in accordance with the terms of, and time specified in, that agreement. It is extremely important for you to read all written reports/disclosures provided by professionals and to discuss the results of Investigations with the professionals who conducted the Investigations.

3. WAIVERS:

A. HOME INSPECTION WAIVER: Broker recommends that Buyer obtain a home inspection, **even if Seller or Broker has provided Buyer with a copy of a home inspection report obtained by Seller or a previous buyer. IF YOU DO NOT DO SO, YOU ARE ACTING AGAINST THE ADVICE OF BROKERS.**

(Felipa Torres) Buyer has decided not to obtain a general home inspection at this time. Unless Buyer makes a subsequent election in writing during Buyer's investigation period, if any, Buyer waives the right to obtain a general home inspection.

B. WOOD DESTROYING PEST INSPECTION WAIVER: Broker recommends that Buyer obtain an inspection for wood destroying pests and organisms (whether paid for by Buyer or Seller). **IF YOU DO NOT DO SO, YOU ARE ACTING AGAINST THE ADVICE OF BROKERS.**

(Felipa Torres) Buyer has decided not to obtain an inspection for wood destroying pests and organisms at this time. Unless Buyer makes a subsequent election in writing during Buyer's investigation period, if any, Buyer waives the right to obtain an inspection for wood destroying pests and organisms.

C. OTHER: Broker recommends that Buyer obtain an inspection for the following items: Roof

IF YOU DO NOT DO SO, YOU ARE ACTING AGAINST THE ADVICE OF BROKERS.

(Felipa Torres) Buyer has decided not to obtain the inspection(s) noted above at this time. Unless Buyer makes a subsequent election in writing during Buyer's investigation period, if any, Buyer waives the right to obtain such inspection(s).

4. WAIVERS OF ADDITIONAL INVESTIGATIONS RECOMMENDED BY OTHER REPORTS: Buyer has received a:

- General Home Inspection Report, prepared by Gressett Termite Control Inc dated 05/15/2020,
- Wood Destroying Pest and Organism Report, prepared by Gressett Termite Control Inc dated 06/15/2020,
- Other Termite Report Clearance Report, prepared by _____ dated _____,

That report recommends that Buyer obtain additional Investigations, Broker recommends that Buyer obtain those additional Investigations. IF YOU DO NOT DO SO, YOU ARE ACTING AGAINST THE ADVICE OF BROKERS.

(Felipa Torres) Buyer has decided not to obtain any of the additional inspections, investigations or reports at this time and, unless Buyer makes a subsequent election in writing during Buyer's investigation period, if any, Buyer waives the right to obtain such additional inspections, investigations, or reports.

Buyer represents and agrees that Buyer has independently considered the above, and all other Investigation options, has read all written reports/disclosures provided by professionals and discussed the results with the professional who conducted the Investigation. Buyer further agrees that unless Buyer makes a subsequent election in writing during Buyer's Investigation period, if any, Buyer waives the right to conduct the Investigation(s) above.
